
Overview

What this standard is about

This standard is about analysing the performance of suppliers. It deals with collating and analysing information in regard to the performance of suppliers. It involves identifying any problems and providing results of analysis and making recommendations in regard to the performance of suppliers.

Who this standard is for

This standard is for supply chain practitioners. This could, for example be in purchasing, freight logistics operations or transport management roles.

SFLSCM123(SQA Unit Code DX4Y 04) V2

SfL123 Analyse the performance of suppliers
