

## [SQA Unit Code – DX51 04] V2

SfL79 Commission projects to develop the supply chain

---

### Overview

#### **What this standard is about**

This standard is about commissioning projects to develop the supply chain. It deals with deciding the aims and objectives of the project and ways the project will be managed. It involves costing the project, supporting colleagues, monitoring achievement and resolving obstacles to achievement.

#### **Who this standard is for**

This standard is for supply chain practitioners. This could, for example be in purchasing, freight logistics operations or transport management roles.
