
Overview

What this standard is about

This standard is about planning the export and import of supplies. It deals with reviewing current export and import requirements and resolving any problems. It involves reviewing benefits and risks to make decisions for planning methods to improve export and import and gain stakeholder and colleague commitment.

Who this standard is for

This standard is for supply chain practitioners. This could, for example be in purchasing, freight logistics operations or transport management roles.

[SQA Unit Code – DX6P 04] V1

SfL85 Plan the export and import of supplies
