
Overview

What this standard is about

This standard is about reviewing the outcomes of contracts. It deals with obtaining and evaluating information, identifying problems and opportunities to improve contract outcomes. It involves making recommendations and providing information.

Who this standard is for

This standard is for supply chain practitioners. This could, for example be in purchasing, freight logistics operations or transport management roles.

[SQA Unit Code – DX70 04] V2

SfL94 Review the outcome of contracts
