

# COSVR365 - SQA Unit Code F009 04

## Segregate the area for highways works

---

### Overview

This standard is about

- 1 interpreting information
- 2 adopting safe and healthy working practices
- 3 selecting materials, components and equipment
- 4 preparing for and segregating the area for highways works

# COSVR365 - SQA Unit Code F009 04

## Segregate the area for highways works

---

### Performance criteria

- You must be able to:*
- P1 interpret the given information relating to the work and resources to confirm its relevance
  - P2 comply with the given, relevant legislation and official guidance to carry out your work and maintain safe work practices
  - P3 select the required quantity and quality of resources for the methods of work
  - P4 comply with organisational procedures to minimise the risk of damage to the work and surrounding area
  - P5 comply with the given contract information to carry out the work efficiently to the required specification
  - P6 complete the work within the allocated time, in accordance with the programme of work

# COSVR365 - SQA Unit Code F009 04

## Segregate the area for highways works

---

### Knowledge and understanding

*You need to know and understand:*

#### Performance Criteria 1

##### Interpretation of information

- K1 the organisational procedures developed to report and rectify inappropriate **information** and unsuitable **resources**, and how they are implemented
- K2 the types of **information**, their source and how they are interpreted
- K3 the organisational procedures to solve **problems** with the **information** and why it is important they are followed

#### Performance Criteria 2

##### Safe work practices

*You need to know and understand:*

- K4 the level of understanding operatives must have of **information** for relevant, current **legislation and official guidance** and how it is applied
- K5 how **emergencies** should be responded to and who should respond
- K6 the organisational **security procedures** for tools, equipment and personal belongings
- K7 what the accident reporting procedures are and who is responsible for making the report
- K8 why and when **personal protective equipment (PPE)** should be used

#### Performance Criteria 3

##### Selection of resources

*You need to know and understand:*

- K9 the characteristics, quality, uses, limitations and defects associated with the **resources** and how defects should be rectified
- K10 how the **resources** should be used and how any **problems** associated with the **resources** are reported
- K11 the organisational procedures to select **resources**, why they have been developed and how they are used
- K12 the **hazards** associated with the **resources** and **methods of work** and how they are overcome

#### Performance Criteria 4

##### Minimise the risk of damage

*You need to know and understand:*

- K13 how to **protect work** from damage and the purpose of protection
- K14 why **disposal of waste** should be carried out safely and how it is achieved

# COSVR365 - SQA Unit Code F009 04

## Segregate the area for highways works

---

*You need to know and understand:*

### **Performance Criteria 5**

#### **Meet the contract specification**

- K15 how **methods of work**, to meet the specification, are carried out and **problems** reported
- K16 how **maintenance** of tools and equipment is carried out

*You need to know and understand:*

### **Performance Criteria 6**

#### **Allocated time**

- K17 what the **programme** is for the work to be carried out in the estimated, allocated time and why deadlines should be kept

# COSVR365 - SQA Unit Code F009 04

## Segregate the area for highways works

### Additional Information

#### Scope/range related to performance criteria

##### Performance Criteria 1

- 1 interpretation of drawings, specifications, schedules, site inspections and manufacturers' information related to the work to be carried out

##### Performance Criteria 2

- 2 safe use of personal protective equipment (PPE) to carry out the activity, in accordance with legislation and/or organisational requirements
- 3 safe use and storage of tools and equipment

##### Performance Criteria 3

- 4 selection of resources associated with own work
  - 4.1 materials and components
  - 4.2 tools and equipment

##### Performance Criteria 4

- 5 protection of the work and its surrounding area from damage
- 6 minimise damage and maintain a clean work space
- 7 disposal of waste in accordance with legislation

##### Performance Criteria 5

- 8 demonstration of work skills to measure, locate, set out, position, assemble and remove
- 9 use and maintain hand tools, portable power tools and ancillary equipment
- 10 segregate the area for live highways works in compliance with recognised current Codes of Practice and given working instructions, relating to
  - 10.1 access and egress to site
  - 10.2 work activity and storage of resources
  - 10.3 signs, lighting and guarding, portable traffic signals for traffic management control
- 11 remove signs, lighting and guarding, portable traffic signals in compliance with recognised current Codes of Practice

##### Performance Criteria 6

- 12 completion of own work within the estimated, allocated time to meet the needs of other occupations and/or client

# COSVR365 - SQA Unit Code F009 04

## Segregate the area for highways works

### Scope/range related to knowledge and understanding

#### **Disposal of waste**

- 1 environmental responsibilities, organisational procedures, manufacturers' information, statutory regulations and official guidance

#### **Emergencies**

- 2 operative's response to situations in accordance with organisational authorisation and personal skills when involved with
  - 2.1 fires, spillages, injuries, traffic incidents

#### **Hazards**

- 3 those identified by method of work, manufacturers' technical information, statutory regulations and official guidance

#### **Information**

- 4 drawings, specifications, schedules, manufacturers' information, statutory regulations and current Codes of Practice governing traffic management (NRSWA)

#### **Legislation and official guidance**

- 5 this relates to the operative's responsibilities regarding potential accidents and health hazards whilst working in the workplace, below ground level, at height, with tools and equipment, with materials and substances, with movement/storage of materials and by manual handling and mechanical lifting

#### **Maintenance**

- 6 operative care of hand tools and/or portable power tools, ancillary equipment and traffic control equipment

#### **Methods of work**

- 7 application of knowledge for safe work practices, procedures and skills, relating to the method/area of work and materials used, to
  - 7.1 plan for site safety, storage of materials and traffic management control around the highways works
  - 7.2 set out signs, traffic lights, guarding for traffic management control
  - 7.3 dismantle and remove signs, traffic lights, guarding
  - 7.4 use hand tools, power tools and equipment
- 8 team work and communication
- 9 needs of other occupations associated with segregating the area for highways works

#### **Personal protective equipment (PPE)**

- 10 occupational use, types, purpose of each type and work situations

#### **Problems**

- 11 those arising from information, resources and methods of work
  - 11.1 own authority to rectify
  - 11.2 organisational reporting procedures

# COSVR365 - SQA Unit Code F009 04

## Segregate the area for highways works

---

### **Programme**

- 12 types of progress charts, timetables and estimated times
- 13 organisational procedures for reporting circumstances which will affect the work programme

### **Protect work**

- 14 protect work against damage from general workplace activities, other occupations and adverse weather conditions

### **Resources**

- 15 materials, components and equipment relating to types, quantity, quality and sizes of standard and/or specialist
  - 15.1 signs, lights, guards and portable traffic lights
  - 15.2 pedestrian and vehicular traffic control systems
  - 15.3 give and take signs, notices and equipment for the traffic management control
  - 15.4 hand and/or powered tools and equipment
- 16 methods of calculating quantity, length, area and wastage associated with the method/procedure for segregating the area for highways works

### **Security procedures**

- 17 site, workplace, company and operative
