COSVR186 - SQA Unit Code FW1A 04

Remove existing wall cladding systems

Overview

- This standard is about
- 1 interpreting information
- 2 adopting safe and healthy working practices
- 3 selecting materials, components and equipment
- 4 removing existing proprietary wall cladding systems in preparation for a new installation

Performance criteria		
You must be able to:	P1	interpret the given information relating to the work and resources to confirm its relevance
	P2	comply with the given, relevant legislation and official guidance to carry out your work and maintain safe work practices
	P3	select the required quantity and quality of resources for the methods of work
	P4	comply with organisational procedures to minimise the risk of damage to the work and surrounding area
	P5	comply with the given contract information to carry out the work efficiently to the required specification
	P6	complete the work within the allocated time, in accordance with the programme of work

Knowledge and	
understanding	Performance Criteria 1
	Interpretation of information
You need to know and understand:	K1 the organisational procedures developed to report and rectify inappropriate information and unsuitable resources, and how they are implemented
	 K2 the types of information, their source and how they are interpreted K3 the organisational procedures to solve problems with the information and why it is important they are followed
	Performance Criteria 2 Safe work practices
You need to know and understand:	 K4 the level of understanding operatives must have of information for relevant, current legislation and official guidance and how it is applied
	K5 how emergencies should be responded to and who should respond
	K6 the organisational security procedures for tools, equipment and personal belongings
	K7 what the accident reporting procedures are and who is responsible for making the report
	K8 why and when personal protective equipment (PPE) should be used
	Performance Criteria 3
	Selection of resources
You need to know and understand:	K9 the characteristics, quality, uses, limitations and defects associated with the resources and how defects should be rectified
	K10 how the resources should be used and how any problems associated with the resources are reported
	K11 the organisational procedures to select resources, why they have been developed and how they are used
	K12 the hazards associated with the resources and methods of work and how they are overcome
	Performance Criteria 4
	Minimise the risk of damage
You need to know and understand:	K13 how to protect work from damage and the purpose of protection K14 why disposal of waste should be carried out safely and how it is

achieved

	Performance Criteria 5 Meet the contract specification	
You need to know and understand:	K15 how methods of work, to meet the specification, are carried out and problems reported	
	K16 how maintenance of tools and equipment is carried out	
	Performance Criteria 6	
	Allocated time	
You need to know and understand:	K17 what the programme is for the work to be carried out in the estimated, allocated time and why deadlines should be kept	

Additional Information

Scope/range	Performance Criteria 1		
related to	1 interpretation of drawings, specifications, schedules and manufacturers'		
performance criteria	information related to the work to be carried out		
	Performance Criteria 2		
	 carry out the activity in accordance with legislation and/or organisational requirements, including the safe use of personal protective equipment (PPE) 		
	3 understand risk assessments and method statements		
	4 safe use and storage of tools and associated equipment		
	Performance Criteria 3		
	5 selection of resources associated with own work		
	5.1 tools and equipment		
	5.2 appropriate access equipment		
	5.3 loading and unloading equipment		
	Performance Criteria 4		
	6 protection of the work and its surrounding area from damage		
	7 minimise damage and maintain a clean work space		
	8 disposal of waste in accordance with legislation		
	Performance Criteria 5		
	9 demonstration of work skills to measure, mark out and remove		
	10 use, maintain and ensure testing and/or inspections have been carried		
	out for hand tools, portable power tools, appropriate levelling instruments and ancillary equipment		
	11 removal of one of the following existing cladding systems to given workin instructions		
	11.1 rainscreen cladding systems: terracotta tiles; single and/or composite panels; vertical and horizontal support systems		
	11.2 specialised cladding and bespoke systems: stone cladding; single and/or composite panels; vertical and horizontal support systems		
	Performance Criteria 6		
	12 completion of own work within the estimated, allocated time to meet the		

Scope/range	Disposal of waste
related to	1 environmental responsibilities, organisational procedures, manufacturers information, statutory regulations and official guidance
knowledge and	Emergencies
understanding	 2 operative's response to situations in accordance with organisational authorisation and personal skills when involved with 2.1 fires, spillages, injuries
	Hazards
	 those identified by method of work, manufacturers' technical information, statutory regulations and official guidance
	Information
	4 drawings, specifications, schedules, manufacturers' information and regulations governing buildings
	Legislation and official guidance
	5 this relates to the operative's responsibilities regarding potential accidents and health hazards whilst working in the workplace, below ground level, at height, with tools and equipment, with materials and substances, with movement/storage of materials and by manual handling and mechanical lifting
	Maintenance
	6 operative care of hand tools and/or portable power tools and ancillary equipment
	Methods of work
	 7 application of knowledge for safe work practices, procedures and skills, relating to the method/area of work and materials used, to 7.1 assess suitability of background materials 7.2 use hand tools, power tools and equipment 7.3 remove existing rainscreen cladding: vertical and horizontal supports; terracotta tiles; single and composite panels or
	7.4 remove existing specialised cladding and bespoke systems: vertica and horizontal supports; stone cladding; single and composite panels
	8 team work and communication
	9 needs of other occupations associated with specialised cladding and bespoke systems and/or rainscreen cladding

Personal protective equipment (PPE)

10 occupational use, types, purpose of each type and work situations **Problems**

- 11 those arising from information, resources and methods of work
 - 11.1 own authority to rectify
 - 11.2 organisational reporting procedures

Programme

- 12 types of progress charts, timetables and estimated times
- 13 organisational procedures for reporting circumstances which will affect the work programme
- 14 an awareness of quality control

Protect work

15 protect work against damage from general workplace activities, other occupations and adverse weather conditions

Resources

- 16 tools and equipment relating to types, quantity, quality and sizes of standard and/or specialist
 - 16.1 hand and/or powered tools and equipment
- 17 methods of calculating quantity, length, area and wastage associated with the method/procedure to remove existing wall cladding systems

Security procedures

18 site, workplace, company and operative
