

# COSVR85 - SQA Unit Code H1RY 04

## Remove materials/deposits by water jetting

---

### Overview

This standard is about

- 1 interpreting information
- 2 adopting safe and healthy working practices
- 3 selecting materials and equipment
- 4 preparing and carrying out water jetting to remove surface material and/or deposits

# COSVR85 - SQA Unit Code H1RY 04

## Remove materials/deposits by water jetting

---

### Performance criteria

- You must be able to:*
- P1 interpret the given information relating to the work and resources to confirm its relevance
  - P2 comply with the given, relevant legislation and official guidance to carry out your work and maintain safe work practices
  - P3 select the required quantity and quality of resources for the methods of work
  - P4 comply with organisational procedures to minimise the risk of damage to the work and surrounding area
  - P5 comply with the given contract information to carry out the work efficiently to the required specification
  - P6 complete the work within the allocated time, in accordance with the programme of work

# COSVR85 - SQA Unit Code H1RY 04

## Remove materials/deposits by water jetting

---

### Knowledge and understanding

*You need to know and understand:*

#### Performance Criteria 1

##### Interpretation of information

- K1 the organisational procedures developed to report and rectify inappropriate **information** and unsuitable **resources**, and how they are implemented
- K2 the types of **information**, their source and how they are interpreted
- K3 the organisational procedures to solve **problems** with the **information** and why it is important they are followed

#### Performance Criteria 2

##### Safe work practices

*You need to know and understand:*

- K4 the level of understanding operatives must have of **information** for relevant, current **legislation and official guidance** and how it is applied
- K5 how **emergencies** should be responded to and who should respond
- K6 the organisational **security procedures** for tools, equipment and personal belongings
- K7 what the accident reporting procedures are and who is responsible for making the report
- K8 why and when **personal protective equipment (PPE)** should be used

#### Performance Criteria 3

##### Selection of resources

*You need to know and understand:*

- K9 the characteristics, quality, uses, sustainability, limitations and defects associated with the **resources** and how defects should be rectified
- K10 how the **resources** should be used and how any **problems** associated with the **resources** are reported
- K11 the organisational procedures to select **resources**, why they have been developed and how they are used
- K12 the **hazards** associated with the **resources** and **methods of work** and how they are overcome

#### Performance Criteria 4

##### Minimise the risk of damage

*You need to know and understand:*

- K13 how to **protect work** from damage and the purpose of protection
- K14 why **disposal of waste** should be carried out safely and how it is achieved

# COSVR85 - SQA Unit Code H1RY 04

## Remove materials/deposits by water jetting

---

*You need to know and understand:*

### **Performance Criteria 5**

#### **Meet the contract specification**

- K15 how **methods of work**, to meet the specification, are carried out and **problems** reported
- K16 how **maintenance** of tools and equipment is carried out

*You need to know and understand:*

### **Performance Criteria 6**

#### **Allocated time**

- K17 what the **programme** is for the work to be carried out in the estimated, allocated time and why deadlines should be kept

# COSVR85 - SQA Unit Code H1RY 04

## Remove materials/deposits by water jetting

### Additional Information

---

#### Scope/range related to performance criteria

##### Performance Criteria 1

- 1 interpretation of risk assessments, method statements, legislation, Codes of Practice, operating instructions and manufacturers' information related to the work to be carried out

##### Performance Criteria 2

- 2 Avoidance of risk by following the given information relating to the following
  - 2.1 methods of work
  - 2.2 safe use of personal protective equipment (PPE)
  - 2.3 installing and maintaining safety measures for the working area
  - 2.4 safe use and storage of tools and equipment

##### Performance Criteria 3

- 3 selection of resources associated with own work
  - 3.1 materials and substances
  - 3.2 hand tools
  - 3.3 water jetting plant and associated equipment

##### Performance Criteria 4

- 4 protection of the work and its surrounding area from damage
- 5 minimise damage and maintain a clean work space
- 6 disposal of waste in accordance with legislation

##### Performance Criteria 5

- 7 demonstration of work skills to jet, direct, check, monitor and evaluate
- 8 use and maintain hand tools, water jetting pumps and associated equipment
- 9 operate water jetting equipment to remove material and/or deposits to given working instructions from one of the following
  - 9.1 drains and sewers (brick, clay, concrete, plastic, metal, pitch fibre)
  - 9.2 tubes and pipes (ferrous and non-ferrous materials)
  - 9.3 surface cleaning and preparation of brick, concrete masonry, rock, stone, ferrous and non-ferrous metals

##### Performance Criteria 6

- 10 completion of own work within the estimated, allocated time to meet the needs of other occupations and/or client

# COSVR85 - SQA Unit Code H1RY 04

## Remove materials/deposits by water jetting

### Scope/range related to knowledge and understanding

#### Disposal of waste

- 1 environmental responsibilities, organisational procedures, manufacturers' information, statutory regulations and official guidance

#### Emergencies

- 2 operative's response to situations in accordance with organisational authorisation and personal skills when involved with
  - 2.1 fires, spillages, injuries
  - 2.2 emergencies relating to occupational activities

#### Hazards

- 3 those identified by risk assessment, method of work, manufacturers' technical information, statutory regulations and official guidance

#### Information

- 4 risk assessments, method statements, legislation, Codes of Practice, manufacturers' information and operating instructions

#### Legislation and official guidance

- 5 this relates to the operative's responsibilities regarding potential accidents and health hazards whilst working in the workplace, below ground level, in confined spaces, at height, with tools and equipment, with materials and substances, with movement/storage of materials and by manual handling

#### Maintenance

- 6 operative care of hand tools, water jetting plant and associated equipment

#### Methods of work

- 7 application of knowledge for safe work practices, procedures and skills, relating to the method/area of work and materials used, to
  - 7.1 prepare and use jetting equipment to remove surface deposits/materials: clean drains and sewers (brick, clay, concrete, plastic, pitch fibre) concrete, masonry, stone, rock, ferrous and non-ferrous metals
  - 7.2 monitor and evaluate changes in surfaces and structures
  - 7.3 secure temporary protection
  - 7.4 monitor plant and equipment for performance requirements
  - 7.5 use hand tools, static plant and associated equipment
- 8 team work and communication
- 9 needs of other occupations associated with water jetting operations

#### Personal protective equipment (PPE)

- 10 occupational use, types, purpose of each type and work situations

# COSVR85 - SQA Unit Code H1RY 04

## Remove materials/deposits by water jetting

---

### **Problems**

- 11 those arising from information, resources and methods of work
  - 11.1 own authority to rectify
  - 11.2 organisational reporting procedures

### **Programme**

- 12 types of progress charts, timetables and estimated times
- 13 organisational procedures for reporting circumstances which will affect the work programme

### **Protect work**

- 14 protect work against damage from general workplace activities, other occupations and adverse weather conditions

### **Resources**

- 15 materials, components and equipment relating to types, quantity, quality, sizes and sustainability of standard and/or specialist
  - 15.1 water supply, fuel supply, power supply, chemicals, abrasives, protective materials and equipment
  - 15.2 barriers, guards, pump units, hose assemblies, guns, lances, control valves, nozzles
  - 15.3 ancillary equipment

### **Security procedures**

- 16 site, workplace, company and operative
