

## 2141 Contribute to bio-security in livestock markets

**SQA Unit Code**

**H3D9 04**

**Level 2**

**SCQF Level 4**

**Credit value 2**

### Unit Summary

This unit also includes contributing to the bio-security measures when you are on-site and when entering and leaving the site. You are expected to report any concerns about bio-security to the appropriate person or people so that they can instigate the relevant action(s).

This unit is for you if you work in a livestock market.

In order to be assessed as competent you must demonstrate to your assessor that you can consistently perform to the requirements set out below. Your performance evidence must include at least one observation by your assessor.

You must be able to:	You need to show:
<p>a. Contribute to biosecurity</p> <p>This means you:</p> <p>Maintain the organisational bio-security measures while on site and when entering and leaving the site</p> <p>Use personal protective equipment correctly and in accordance with organisational requirements</p> <p>Take steps to avoid unnecessary contamination and cross-contamination of the site</p> <p>Recognise and report all concerns regarding biosecurity to the appropriate person or people</p>	<p>Evidence must be work-based, simulation alone is only allowed where shown in <b>bold italics</b></p> <p>Evidence of contribute to biosecurity in your workplace as part of your role in accordance with workplace procedures and within the limits of your own responsibilities.</p>

### You need to know and understand:

Evidence of knowledge and understanding should be collected during observation of performance in the workplace. Where it cannot be collected by observing performance, other assessment methods should be used.

1. bio-security procedures on-site and when entering and leaving the site
2. how contamination and cross-contamination occurs, and the possible consequences

for livestock

3. standards of bio-security for the work area
4. health and safety procedures regarding bio-security

Evidence of performance may employ examples of the following assessment:

- observation
- written and oral questioning;
- evidence from company systems (e.g. Food Safety Management System)
- reviewing the outcomes of work
- checking any records of documents completed
- checking accounts of work that the candidate or others have written
