

Scottish Bagpipe Theory

SCQF level 8

Unit Code: FP17 35

40 hour Unit

What are the Scottish Bagpipe Qualifications?

These are Scotland's Piping and Drumming Qualifications Board (PDQB) standards, based on the College of Piping and National Piping Centre Tutor Books and the Royal Scottish Pipe Band Association Structured Learning Manuals 1-3. They have been developed as an introduction to the finger movements and embellishments required to play the Scottish Bagpipe.

The Scottish Bagpipe is an ancient instrument requiring a variety of performance techniques. To be able to play the Scottish Bagpipe competently an understanding of musical theory, tuning, rhythm, melody, harmony, and musical ornamentation is essential.

The Bagpipe is synonymous with Pipe Bands and through diligent study and practice you will achieve a standard of playing which allows you to play individually or as part of a Pipe Band.

What is this Unit about?

This Unit will give you an understanding of the main theoretical concepts that form the foundations of music generally but to the Bagpipes specifically. It will provide you with knowledge of music theory associated with the Scottish Bagpipe as well as historical aspects of the instrument. If you do not hold a Level 5 Certificate you will be required to answer all Bagpipe maintenance questions in Scottish Bagpipe Music Theory 5. There are four other study areas as follows:

- Study area 1 Write music for different tune types.
- Study area 2 Demonstrate knowledge and understanding of Piobaireachd construction and classification.
- Study area 3 Demonstrate knowledge and understanding of Piobaireachd movements and notation.
- Study area 4 Demonstrate knowledge and understanding of the history of Piping.

If there is anything in this Unit you don't understand, ask your tutor to explain it to you.

What should I know or be able to do before I start?

You should have a secure knowledge and understanding of musical theory generally but ideally as it relates to the Scottish Bagpipe to allow you to demonstrate that you have achieved the learning requirements of this Unit. These may be demonstrated by the achievement of the Scottish Bagpipe Music Theory Certificate SCQF Level 7, Institute of Piping 5 Certificate, RSPBA Advanced Certificate or PDQB Piping 5 Certificate.

What do I need to do?

You will be required to show your understanding and knowledge of different tune types, Piobaireachd construction and classification, Piobaireachd movements and notation, and the history of Piping.

When you write music for different tune types

You will write music for a variety of different tune types.

When you show an understanding of Piobaireachd construction and classification

You will name and explain different categories of Piobaireachd.

When you are notating Piobaireachd movements

You will notate all Piobaireachd movements, the notes of scales in Nether Lorn Canntaireachd and translate a passage of Piobaireachd staff notation into Nether Lorn Canntaireachd.

When you show an understanding of the history of Piping

You will write an essay to show your understanding of a chosen subject relating to Piping history, commenting on its influence and relevance to Piping.

How do I get this Unit?

You will need to show that you have developed and gained all the skills required in the Unit. Each study area may be assessed individually; but all areas may also be combined in a single assessment event.

All exercise requirements are marked and a pass or fail is awarded for the Unit.

Guidance for tutors

This Unit is intended to introduce learners to the music theory and rudiments of Scottish Bagpipe music. There are four areas of study covering writing music for different tune types, identifying Piobaireachd construction and classification, notating Piobaireachd movements, and demonstrating an understanding of the history of Piping.

Tutors and instructors will find comprehensive supporting material in relevant publications such as the College of Piping and National Piping Centre Tutor Books and the Royal Scottish Pipe Band Association Structured Learning Manuals 1-3 or similar learning materials available from the Piobaireachd Society or other Piping or Pipe Band organisations. Assistance is also available from the Piping and Drumming Qualifications Board in the form of sample test papers covering aspects of the Scottish Bagpipe Theory (Bagpipes) examination. These are available for use as part of instructional programmes or for candidates who wish to take the examinations direct.

This Unit may form part of a Group Award in, for example traditional music, but can be offered on a standalone basis. The Unit may be delivered in a variety of ways from direct teaching/training courses, or practical workshop sessions. It may also be possible to deliver using computer-based distance learning programmes for personal study.

Assessment will follow examination procedures approved by the Piping and Drumming Qualifications Board. These procedures provide sample test papers in theory and practical aspects of the examinations, which are available for use as part of instructional programmes or for candidates who wish to take the examinations direct.

All assessment must be carried out in front of an approved examiner either as individual assessments or combined in a single assessment event in a realistic time.

An assessment support pack has been produced for this Unit exemplifying assessment methods and to ensure standards are maintained. This pack includes example assessor observation checklists.

Core Skills

There is no automatic certification of Core Skills or Core Skill components in this Unit.

Disabled candidates and/or those with additional support needs

The additional support needs of individual candidates should be taken into account when planning learning experiences, selecting assessment instruments, or considering whether any reasonable adjustments may be required.
