

Autodesk Vendor Qualifications

SQA Code	Title
HE67 35	Autodesk Certified Professional: Revit

The Autodesk Vendor qualifications that are embedded within the Computer Aided Draughting and Design and Computer Aided Architectural Design and Technology qualifications are accessed via Certiport online system. Any SQA centre choosing to deliver the Autodesk Certified User or Professional vendor qualifications as part of the framework will be require access to Certiport online. Costs for sitting the online exams can be requested through the Certiport website and this is done on a centre by centre basis. Delivering centres are responsible for acquiring, setting up and accessing system and online tests.
