Evidence for this Unit may be presented in a written response, as an ICT printout or by electronic means, and must use relevant accounting layouts and concepts.

Assessors should also use their professional judgement when giving learners credit for an appropriate degree of accuracy. This may mean giving credit for solutions which are numerically incorrect, but which show correct application of accounting concepts and methods.

Exemplification of assessment is provided in *Unit Assessment Support*. Advice and guidance on possible approaches to assessment is provided in the *Unit Support Notes*.
