### Assessment Criteria For Expressive Folio

The folio should identify a personal theme and show appropriate investigation, with the development of visual ideas/images leading to an expressive outcome which communicates ideas or feelings related to the theme.

**Marks will be allocated as follows:**                      **Investigation – 25 marks**                      **Development – 25 marks**                      **Outcome – 50 marks**

<b>Note:</b> The assessment criteria for the Expressive Folio refers to work produced at all levels throughout the course. This guidance on standards should be read in conjunction with the minimum submission requirements issued in the letter of 4 December 2002 that refers to “External Evidence for Practical Folios”.

## Art and Design

### Intermediate 1

#### Assessment Criteria For Design Folio

Evidence is required for each of the four stages of the design process. It should be noted that it is the candidate's understanding of, and response to, the brief and design process which will determine overall performance.

At all levels of performance, the folio should clearly identify a design problem, evidence of market research of solutions to the same problem, show a clear sense of direction and demonstrate a well integrated problem-solving design process. Irrelevant analytical drawing is not appropriate for the Research and Investigation sheets.

**Marks will be allocated as follows: Investigation and Research – 30 marks    Development – 30 marks    Design Solution – 30 marks    Design Evaluation – 10 marks**

**Note:** The assessment criteria for the Design Folio refers to work produced at all levels throughout the course. This guidance on standards should be read in conjunction with the minimum submission requirements issued in the letter of 4 December 2002 that refers to "External Evidence for Practical Folios".

## Notes for Markers' Meeting

### Problem Areas

1.	Problem	Submission is outwith the Range Statement.
	<b>Action</b>	A submission outwith the Range Statement of from 1750 up to the present cannot expect to achieve the above range 3 (12 – 17 marks).
2.	Problem	Submission discusses only one piece of work (art or design).
	<b>Action</b>	A submission which discusses only one piece of work (art or design) cannot expect to achieve above range 3 (12 – 17 marks).
3.	Problem	Submission does not include personal opinion.
	<b>Action</b>	A submission that does not include personal opinion cannot achieve above range 3 (12 – 17 marks).
4.	Problem	Submission of less than 200 words.
	<b>Action</b>	A submission of less than 150 words cannot achieve above range 3 (12 – 17 marks).
5.	Problem	Candidate envelope contains two items of work.
	<b>Action</b>	Mark the better of the two.
6.	Problem	Design summary contains evaluative comment of own work.
	<b>Action</b>	If the work contains no reference whatsoever to design or designers, but consists solely of description of candidate's own work, then the work is unacceptable and no grade should be entered. If, however, the response makes reference to the work of other artists and designers obviously studied in the candidate's own work, then this is acceptable.
