Please tick the boxes to indicate the candidate’s achievement in each area (F=Foundation, G=General, C=Credit) **and** write comments in each box to justify the level awarded.

Task	F	G	C
Key words might include ‘simple’ (F); ‘several stages’ (G); ‘complex’(C)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<i>The baking task was complete but Jean required a lot of help. She worked well on the day and cleared up satisfactorily.</i>			

Organisation	F	G	C
Key words might include ‘some organisation’(F); ‘organised’(G); ‘well organised’ (C)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<i>Quite well organised but required reminding of timing of items in the oven. Organised money very well.</i>			

Level of Skills	F	G	C
Key words might include ‘basic’ (F); ‘competent’(G); ‘highly competent’ (C)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<i>Jean was competent because all items were edible but the teacher was required to ensure everything was ready. She carried out tasks on the day competently and enthusiastically.</i>			

The Level (F, G or C) awarded is determined initially by the complexity of the Task performance in EGRC terms. Credit Level cannot, for example, be awarded if the Task performance is at General or Foundation Levels even if the candidate has been well organised and highly competent – i.e. the Level Achieved cannot be higher than the level of Task performance or higher than the Level Possible.

Level Possible **F** **G** **C**

Level Achieved **F** **G** **C**

GENERAL COMMENTS
This might include initiative shown by the candidate or support provided.
<i>Jean was keen and enthusiastic about the coffee morning. She could have used easier recipes and been more aware of timing.</i>
