Standards

Outcomes and assessment standards

Outcome 1

The learner will:

- 1 Use classical literature to explore themes/values, by:**
 - 1.1 Describing, in basic terms, the actions of a character or characters in a piece of classical literature
 - 1.2 Describing, in basic terms, the main consequences of the character or character's actions
 - 1.3 Commenting briefly on how the character or character's actions are relevant to the modern world

Evidence Requirements for the Unit

Assessors should use their professional judgement, subject knowledge and experience, and understanding of their learners, to determine the most appropriate ways to generate evidence and the conditions and contexts in which they are used. Learners will be required to study a text from either classical Greek life or classical Roman life in poetic, prose or dramatic form.

Evidence is required to show that the learner has met the Outcomes and Assessment Standards.

Assessment evidence can be drawn from a variety of sources and presented in a variety of formats, including brief written responses to questions, participation in group tasks, presenting information to other groups, and routine digital presentations.

All of the evidence does not need to be from the one activity, but can be assembled from a variety of tasks and assessments carried out during the duration of the Course.

Evidence may be presented for individual Outcomes or gathered for the Unit or Course as a whole by combining assessment holistically in one single activity.

Exemplification of assessment will be provided in the *National Assessment Resource*. Advice and guidance on possible approaches to assessment is provided in the *Unit Support Notes*.
