Evidence can be drawn from a variety of sources and presented in a variety of formats. This can include short written responses, participation in group tasks, presenting information to other groups and/or recorded oral evidence. The evidence can be gathered from a variety of tasks and assessments carried out while doing the Unit or Course. Learners should use appropriate business terminology and include, where appropriate, the use of real business examples.
Evidence may be provided for individual Outcomes or may be gathered for the Unit as a whole through combining assessment in one single activity. If the latter approach is used, it must be clear how the evidence covers each Outcome.

In this Unit, the range of small businesses includes sole traders, partnerships, small franchises and non-profit-making organisations.

Exemplification of assessment is provided in *Unit Assessment Support*. Advice and guidance on possible approaches to assessment is provided in the *Unit Support Notes*.
