

Introducing Advanced Higher Latin

Advanced Higher is SQA's highest level of National Course. It is very demanding. Advanced Higher extends students' knowledge and skills beyond Higher. Students will face new academic and personal challenges, requiring them to develop their knowledge and abilities, and to think and work independently.

Advanced Higher Latin

The Advanced Higher Latin Course consists of three compulsory Units: *Translation*, *Interpretation* and *Investigation*.

To achieve an award in the Course, a candidate must pass internal assessment (conducted in the school or college) in all three Units and must also pass external assessment through examination performance for *Translation* and *Interpretation* and through submitted coursework for the *Investigation* Unit.

The Course and the assessment will be at a consistently advanced level.

Candidates who pursue their studies and successfully complete the Course in Advanced Higher Latin will have a qualification which:

- ◆ is specified as an entry qualification for various higher and further education courses
- ◆ allows accelerated progression in some higher and further education courses
- ◆ proves their ability to apply high-order skills to carry out sophisticated tasks
- ◆ shows a level of communicative competence that will enable them to access other parts of the curriculum at an advanced level
