Dear Colleague

Higher Design Assignment 2006

It has been brought to our attention that there is an error on page four of the Higher Design Assignment distributed to centers at the end of January. The values of rows H and I in the anthropometric data table are transposed. In addition, the dimension line for H should extend to the tip of the fingers. Enclosed is a corrected version of the table. This is also available on the secure area of SQA's website.

Please note that any candidate who has used the wrong data will not be disadvantaged when the assignment is marked.

The submission date for the Design Assignments is 27 April 2006.

Yours faithfully

Derek Middleton
