

Skills for Work Phase 1

Candidate Questionnaire – Comments

Was a good course. Everything fitted well together with the different modules. Tutors were friendly and approachable.
I really enjoyed working through this course and also meeting new people and making new friends.
I really enjoyed it but more involvement with children would have been better.
I enjoyed going to college. it made me more confident with other people and myself.
The Course was really good I enjoyed it so much so looking forward to doing more about childcare
I enjoyed the course and found everyone to be very friendly
Was very interesting and enjoyed the course
Very good
It was Good
It was great crack
I had a good time
Its Good
This is the best education I have had.
It was good
It was good to be out of school and do some practical work.
Was very enjoyable, would recommend it to anyone
More placement time
More placement time as you don't get to do a lot with the children in just 2 days
There should be more placement time
A large amount of sheets given for an Int 2, though all useful. A lot to get through for a module
Great Course
I don't like the PPE
I'd like to do an NQ in Early Education and Childcare
I'd like to get a job in a sports centre
I would like to do other courses about fitness
I thought it ran too long, most of the course work could have been better organised.
I enjoy the college and the ability to do my own thing rather than follow the rules of a teacher at school
The course worked very well, the level of practical experience helped greatly with using the Course Skills. I really enjoyed this course and look forward to the next.
Very enjoyable and would urge anyone to do the course
I really enjoyed the course

I found myself being much more aware of dangers in the work place as well as the gym. I feel much more confident in my abilities at the gym since completing the course. Well worth completing!
You get out of the course what you put into it. I feel a lot fitter with a permanent knowledge on how to improve my fitness as well as anyone else who I may help. With a better knowledge of weight's I could take a class no problem as well !
I found some parts of the course fun and interesting
I found the course contents were not as advanced as I thought. I feel the contents was far too simple for S5, S6 pupils
I found the course to be interesting and challenging at parts and all over fun to do.
I found the course quite fun and interesting
I found parts of it fun and very interesting
I found this course to be fun and interesting
I found this course to be fun and interesting and has made me want to work with children
I found that the course was too simple for pupils in S5 and S6 who are sitting highers and Int. 2's. I also thought that it was too simple for an Int. 1 Course.
It's interesting and good fun
I really enjoyed it
It was really good and I think it will help me in the future
Bit too hard
I liked baking, reading and working together
I enjoyed working with Play and Visits to Nursery
I loved the play workshops
The childcare course is great
It's good fun and interesting
The course has been very helpful and enjoyable
I really enjoyed the opportunity
I have really enjoyed the course, especially the practical work and I intend to keep working with kids in the future
The pilot course is a success
I think this course is really good and gives you information that we would need for further courses
I think it could be improved by more visits and less writing !
This course has given me knowledge that I can use in future. It has also given me confidence and independent experiences which I feel has helped me very much. I feel this course is very positive for someone looking to work with children.
I enjoyed it more than School
It's better than School
I have learned more here than I would have at School
Gets me ready for work
It is better than School and it helps you get a job.
I enjoyed it, it's better than School because you learn a lot more.
It is better than I thought, it's better than School.
I found the course far better than School !
