

Appendix 2: National Qualifications — Calendar of key dates for centres 2004/05

The submission dates set out below, especially for entries and Unit Results, reflect the position for mainstream candidates — we would hope that the majority will fall into this category. We do, however, recognise that there may be instances where these dates cannot be met. In such cases, SQA will endeavour to accommodate the late submission of data, but this can only be achieved if the vast majority of entries and Unit results are submitted by the stated deadlines. For late entries, we will not be able to draw on information to establish requirements for question papers or markers, and centres will not be offered the necessary quality assurance checks available to those entries which meet the schedule. Centres should use SQA.net to satisfy themselves that late entries and Unit Results have been received by us and successfully processed.

Action Date	Activity
Late August 2004	Provision of reference data (by e-mail) to centres by SQA. Reference data will also be issued to centres' MIS suppliers. <i>This enables centres to update their MIS files to reflect current approval status.</i>
26 August 2004	Issue of 2005 Examination Timetable by SQA.
Before submitting entries	The centre should establish whether each candidate has an SCN, and if not, register with SQA. SCNs should be checked using SQA.net. Within 10 working days SQA will process the registrations and send: <ul style="list-style-type: none"> ◆ a processing report This ensures that candidates are registered prior to the submission of entries. Allows for checks to see whether or not a candidate has already been registered with SQA.

In each case, level and completion date must be specified. Entries should not be submitted until any new registrations have been confirmed as having been created successfully.</p> <p>Within 10 working days SQA will progress the entries and send:</p> <ul style="list-style-type: none"> ◆ a processing report <p>Note: If Units contribute to a National Course then at least one of the Units requires a completion date of March 2005*.</p>

Action Date	Activity
4 October 2004– 26 January 2005 (cont'd)	<p>Centres may also be selected for moderation of Units with completion dates other than March 2005 and should therefore ensure candidate evidence is retained for three weeks after the completion date entered on the SQA system.</p> <p>*Units with a March 2005 completion date may be subject to central moderation in April 2005. Centres which are selected for moderation will be required to submit completed candidates' evidence on 23 March 2005, and should therefore aim to complete all assessment and internal moderation of these Units by mid March 2005.</p> <p><i>We need an early indication of entries to ensure that appropriate numbers of markers can be appointed and question papers produced. It also allows adequate time for the identification and resolution of any queries or errors in data submissions.</i></p>
Early November 2004	<p>SQA will issue invitations to Markers for the 2005 examination. Invitations will contain Markers' Meeting details.</p> <p><i>Centres are requested to grant leave of absence to any member of staff to attend Markers' Meetings during normal working hours.</i></p>

Action Date	Activity
<p>By 24 February 2005</p>	<p>Centres should ensure that candidates are entered for the correct National Qualifications at the appropriate levels and advise SQA of any necessary changes to Course level or Unit level.</p> <p><i>By this date we would expect that entry requirements would have been determined for nearly all candidates.
