

CFAMLE6 - SQA Unit Code DR52 04

Ensure health and safety requirements are met in your area of responsibility

Overview

This unit is concerned with managing the overall health and safety process in your area of responsibility. It is intended to go beyond meeting health and safety legislation and move towards a situation where health and safety considerations are firmly embedded in the planning and decision-making processes and the 'culture' of your area of responsibility.

The 'area of responsibility' may be, for example, a branch or department or functional area or an operating site within an organisation.

The unit is recommended for first-line managers and middle managers.

This unit is linked to units:

- D6 Allocate and monitor the progress and quality of work in your area of responsibility
- E5 Ensure your own actions reduce risks to health and safety
- E7 Ensure an effective organisational approach to health and safety
- E8 Manage physical resources

in the overall suite of National Occupational Standards for Management and Leadership.

Ensure health and safety requirements are met in your area of responsibility

Performance criteria

- You must be able to:*
- P1 identify your personal responsibilities and liabilities under health and safety legislation
 - P2 ensure that the organisation's written health and safety policy statement is clearly communicated to all people in your area of responsibility and other relevant parties
 - P3 ensure that the health and safety policy statement is put into practice in your area of responsibility and is subject to review as situations change and at regular intervals and the findings passed to the appropriate people for consideration
 - P4 ensure regular consultation with people in your area of responsibility or their representatives on health and safety issues
 - P5 seek and make use of specialist expertise in relation to health and safety issues
 - P6 ensure that a system is in place for identifying hazards and assessing risks in your area of responsibility and that prompt and effective action is taken to eliminate or control identified hazards and risks
 - P7 ensure that systems are in place for effective monitoring, measuring and reporting of health and safety performance in your area of responsibility
 - P8 show continuous improvement in your area of responsibility in relation to health and safety performance
 - P9 make health and safety a priority area in terms of informing planning and decision-making in your area of responsibility
 - P10 demonstrate that your own actions reinforce the messages in the organisation's health and safety policy statement
 - P11 ensure that sufficient resources are allocated across your area of responsibility to deal with health and safety issues
 - P12 develop a culture within your area of responsibility which puts health and safety first
