Assessment

Each AT sub-element is marked individually in accordance with candidate performance and as per the Assessment Criteria in Section 4 of *Guidance on Assessment – Application of Technology Assignment* (SQA, November 2004). It should be noted that AT3 is the only sub-element that allows for teacher prompts **during** the summative assessment. In all other sub-elements, teacher assistance may only be provided to allow a candidate to move onto the next sub-element (see Section 3.1 of the *Guidance on Assessment* document – Managing the Assignment). It is imperative that teachers clearly annotate in the boxes below the level and type of assistance provided for each sub-element.

The overall grade for the Application of Technology is determined by totalling the candidate's marks for each of the seven sub-elements. The total mark is then compared with the marks range in the table below and the corresponding grade awarded. A candidate who **does not** attempt **any** of the Application of Technology sub-elements, will be deemed not to have completed the course in respect of the element. Such a candidate will not receive a grade for this element and will therefore not receive an overall award for the subject.

AT 1: Systems Analysis (teacher comment)	Sub-element Mark
AT 2: Design Specification (teacher comment)	Sub-element Mark
AT 3: Solution (teacher comment)	Sub-element Mark
AT 4: Selection of Resources (teacher comment)	Sub-element Mark
AT 5: Computer Simulation (teacher comment)	Sub-element Mark
AT 6: Build and Test (teacher comment)	Sub-element Mark
AT 7: Evaluation (teacher comment)	Sub-element Mark
Additional Comments:	Total Marks

Marks Range	Grade
23 – 28	1
17 – 22	2
11 – 16	3
5 – 10	4
0 – 4	5

Overall grade awarded. Please transfer grade to front of flyleaf.
