## SECTION 2-13 marks

Attempt EITHER Part A OR Part B.

## You may use a calculator.

To earn full marks you must show your working in your answers.
State the units for your answer where appropriate.
You will not earn marks for answers obtained by readings from scale drawings.
Write your answers clearly in the spaces provided in the answer booklet. The size of the space provided for an answer is not an indication of how much to write. You do not need to use all the space.

Additional space for answers is provided at the end of the answer booklet. If you use this space you must clearly identify the question number you are attempting.

Use blue or black ink.
Before leaving the examination room you must give your answer booklet to the Invigilator; if you do not, you may lose all the marks for this paper.
