

## [SQA Unit Code – DX67 04] V1

### SfL127 Monitor the flow of supplies in the supply chain

---

#### Overview

##### **What this standard is about**

This standard is about monitoring the flow of supplies. It deals with collating and analysing information in regard to the flow of supplies. It involves identifying any problems and providing results of analysis and making recommendations in regard to the flow of supplies.

##### **Who this standard is for**

This standard is for supply chain practitioners. This could, for example be in purchasing, freight logistics operations or transport management roles.
