
Overview

This standard covers the provision of pharmaceutical information and advice, including the sensitivity of providing such information and the need to pay attention to detail. It highlights the importance of keeping clear and accurate documentation and when queries should be redirected to an appropriate person. Your practice will be consistent with your occupational role and carried out under the regulatory and ethical frameworks established in the context of current legislation. You will work at all times within Standard Operating Procedures that relate to the way in which a pharmacy service is provided in your place of work. Users of this standard will need to ensure that practice reflects up to date information and policies.
