

FY4R 04 – Operate Plant or Machinery
to Receive and Transport Loads
(Bowser)

PRODOD26 (SQA Unit Code - FY4R 04)

Operate plant or machinery to receive and transport loads

Overview

This standard is about:

- 1 interpreting information
- 2 adopting safe and healthy working practices
- 3 selecting and/or using materials, components and equipment for plant or machinery operations
- 4 setting up, operating and shutting down plant or machinery to receive and transport bulk material loads

PRODOD26 (SQA Unit Code - FY4R 04)

Operate plant or machinery to receive and transport loads

Performance criteria

- You must be able to:*
- P1 interpret the given operating information relating to the use of plant or machinery and confirm its relevance.
 - P2 organise with others the sequence in which the work is to be carried out.
 - P3 comply with the relevant, current legislation, special legal status documents, official guidance and organisational procedures to maintain safe work practices.
 - P4 request resources to sustain plant or machinery operations to complete the programme of work.
 - P5 select plant or machinery resources for the methods of work and operations to be carried out.
 - P6 comply with organisational procedures to minimise the risk of damage to the work and surrounding area.
 - P7 comply with the given contract information to carry out the work efficiently to the required specification.
 - P8 complete the work within the allocated time, in accordance with the programme of work.

PRODOD26 (SQA Unit Code - FY4R 04)

Operate plant or machinery to receive and transport loads

Knowledge and understanding

You need to know and understand:

Interpretation of information

- K1 the organisational procedures developed to report and rectify inappropriate **information** and unsuitable **resources**, and how they are implemented.
- K2 the types of **information**, their source and how they are interpreted.
- K3 the organisational procedures to solve **problems** with the **information** and why it is important they are followed.

You need to know and understand:

Organise with others

- K4 **communication** of ideas between team members.
- K5 organisation of **resources** in conjunction with the progress of work.
- K6 **skills** required to carry out the work.

You need to know and understand:

Safe work practices

- K7 the level of understanding operatives must have of **information** for relevant, current **legislation, approved codes of practice and official guidance** and how it is applied.
- K8 how **emergencies** should be responded to and who should respond.
- K9 the organisational **security procedures** for *plant and/or machinery*, tools, equipment and personal belongings.
- K10 what the accident reporting procedures are and who is responsible for making the report.
- K11 why and when **personal protective equipment (PPE)** should be used.

You need to know and understand

Request resources

- K12 the organisational procedures for requisitioning consumables and other **resources**.

You need to know and understand

Selection of resources

- K13 the characteristics, quality, uses, limitations and defects associated with plant **resources** and how defects should be rectified.
- K14 how the **resources** should be used and how any **problems** associated with the **resources** are reported.
- K15 the organisational procedures to select **resources**, why they have been developed and how they are used.
- K16 the **hazards** associated with the **resources** and **methods of work** and how they are overcome.

You need to know and understand

Minimise the risk of damage

- K17 how to **protect work** from damage and the purpose of protection.
- K18 why **disposal of waste** should be carried out safely and how it is achieved.

PRODOD26

Operate plant or machinery to receive and transport loads

PRODOD26 (SQA Unit Code - FY4R 04)

Operate plant or machinery to receive and transport loads

Additional Information

Scope related to performance criteria

Interpretation of drawings, specifications, schedules, method statements, manufacturers' information, related to the plant or machinery operations and the work to be carried out.

Organisation of own work.

Communication with team members and other associated occupations about the plant or machinery operation and the work to be carried out.

Avoid hazards by following given safety information, including the use of personal protective equipment (PPE) to carry out the activity in accordance with legislation, Approved Codes of Practice and/or organisational requirements.

Safe use and storage of plant or machinery, tools and equipment.

Follow organisational procedures for the requisition of consumables, materials and other resources.

Selection of resources associated with own work:

- 1 attachments, tools and ancillary equipment.

Protection of the work and its surrounding area from damage.

Disposal of waste in accordance with legislation.

Minimise damage and maintain a clean work space.

Work skills to:

- 1 check, adjust, communicate, operate, manoeuvre, position, excavate, measure and remove.

Use and maintain:

- 1 hand tools
- 2 ancillary equipment and/or accessories.

Operate plant or machinery to receive and transport bulk material loads to given working instructions relating to ONE of the following categories of plant or machinery:

- 1 concrete pumps
- 2 forward tipping dumpers
- 3 agricultural tractors complete with towed equipment
- 4 dump trucks
- 5 bowsers.

Shut down and secure plant or machinery

Completion of own work within the estimated, allocated time to meet the needs of other occupations and/or client.

PRODOD26 (SQA Unit Code - FY4R 04)

Operate plant or machinery to receive and transport loads

Scope related to knowledge and understanding

Communication

Discussions, sketches and briefings.

Disposal of waste

Environmental responsibilities, organisational procedures, manufacturers' information, statutory regulations and official guidance.

Emergencies

Operative's response to situations in accordance with organisational authorisation and personal skills when involved with:

- 1 fires, spillages, injuries
- 2 relating to the occupational activity.

Hazards

Those identified by method of work, risk/COSHH assessments, manufacturers' technical information statutory regulations and official guidance.

Information

Drawings, specifications, schedules, method statements, manufacturers' information and regulations governing the operation of plant or machinery to lift and transfer loads.

Legislation, Approved Codes of Practice and official guidance

This relates to the operative's understanding of their responsibilities regarding current legislation whilst working:

- 1 in the workplace, below ground level, at height, with tools and equipment, with materials and substances, with movement/storage of materials and by manual handling and mechanical lifting.

Maintenance

Operative care of plant or machinery, hand tools, ancillary equipment and/or accessories.

Methods of work

Application of knowledge for safe work practices, procedures, skills and transference of competence, relating to the area of work to:

- 1 identify the characteristics of the plant and machinery appropriate for the receipt and transportation operation
- 2 carry out performance checks to receive and transport loads
- 3 identify characteristics, type and volume of loads to receive and transport
- 4 carry out pre-operational checks for obstructions, stability, safety and security of the work and surrounding area
- 5 receive, secure and balance loads for transport
- 6 transport and deposit loads
- 7 shut down and secure plant or machinery
- 8 use hand tools, ancillary equipment and accessories.

PRODOD26 (SQA Unit Code - FY4R 04)

Operate plant or machinery to receive and transport loads

Team work and communication.

Needs of other occupations associated with operating plant or machinery for lifting and transferring loads.

Personal protective equipment (PPE)

Occupational use, types, purpose of each type and work situations.

Problems

Those arising from information, resources and methods of work:

- 1 own authority to rectify
- 2 organisational reporting procedures.

PRODOD26 (SQA Unit Code - FY4R 04)

Operate plant or machinery to receive and transport loads

Developed by Proskills

Version number 1

Date approved February 2010

Indicative review date April 2014

Validity Current

Status Imported

Originating organisation Construction Skills

Original URN VR391

Relevant occupations Coal mine operatives; Quarry workers and related operatives; Managers in mining and energy;

Suite Drilling Operations

Key words Drilling – extractives; exploratory drilling; land drilling; directional drilling; fluid operations; rig erection
