

## Monitor vehicle crew activities in your area of responsibility

### **WM55 - SQA Unit Code H2L1 04**

*This national occupational standard WB9 belongs to Pro Skills – the standards setting body for the process and manufacturing sector*

### **Area of competence**

Achievement of this unit demonstrates your competence in monitoring the compliance of vehicle operations, road or rail, on and when leaving the site, with relevant regulations. You must monitor the vehicle crews for safe working practice and compliance with legislation and other requirements. You will report breaches to the appropriate person.

This unit is suitable for operatives carrying out this activity in relation to any forms of road or rail vehicles and their crews involved in the transportation of all types of materials or products including those from extractive, mineral processing and/or manufacturing, mineral or waste storage/transfer facilities.

### **Knowledge and Understanding**

*Within the limits of your responsibilities you will need to demonstrate that you know and understand:*

1. Personal protective equipment requirements of the activities on the site
2. Site operational procedures
3. Person to whom non-compliance should be reported
4. Relevant legal requirements in relation to vehicles and their movements
5. Methods for communicating tactfully with drivers and crews
6. Reporting and recording arrangements for accidents, incidents and emergencies
7. Approved procedures and practices in the context of the operation, the work activity and the workplace environment (organisational, regulatory, emergency, operational)
8. Responsibilities under statutory requirements
9. Problems that could occur and procedures to report/address these

## **Performance Criteria**

*To achieve this element you will have ensured that work is carried out to approved procedures and practices and in compliance with relevant statutory requirements, and that:*

- a. Drivers/crews comply with safe working practice
- b. Drivers/crews wear appropriate personal protective equipment in compliance with site operational procedures
- c. Drivers/crews follow assigned routes
- d. Drivers/crews comply with operational and regulatory requirements
- e. Vehicle drivers are informed of any apparent breach of transport law/regulations or operational/organisational requirements
- f. Any non-compliance is recognised and reported promptly
