## Develop productive working relationships with colleagues and stakeholders

### Overview

This unit is about developing productive working relationships with colleagues, within your own organisation and within other organisations with which your organisation works, and with identified stakeholders.

It involves being aware of the roles, responsibilities, interests and concerns of colleagues and stakeholders and working with and supporting them in various ways. The need to monitor and review the effectiveness of working relationships with colleagues and stakeholders is also a key requirement of this unit.

‘Colleagues’ are any people you are expected to work with, whether they are at a similar position or in other positions in terms of level of responsibility, including your manager.

For the purposes of this unit, ‘stakeholder’ refers to individuals or organisations that have a material, legal or political interest in or who may be affected by the activities and performance of your organisation.

The unit is recommended for middle managers and senior managers.

This unit is closely linked to units:

  - D1 Develop productive working relationships with colleagues
  - D6 Allocate and monitor the progress and quality of work in your area of responsibility
