---

### Overview

This standard is about the duty of every individual in the justice and safer communities sector to keep their knowledge, skills and competence up-to-date and develop them to meet the demands of their employment. The standard recognises that everyone has their own learning and development needs as well as broader learning and development interests which might directly relate to their job or career but also be about wider personal development. This commitment by individuals needs to be matched by employers valuing the learning and development of staff.

This is an essential aspect of all jobs in the justice and safer communities sector. It relates to the commitment to lifelong learning for all in the sector and the value that learning can bring to the work of the sector.

### Target Group

The standard is designed to be applicable to everyone who works in the justice and safer communities sector.
