
Overview

This standard is about originating and exploring an idea from start to finish through gathering and organising research, problem solving and experimentation.

This standard is suitable for those who are self-employed, working for a sole practitioner or within a workshop or studio.

The following should be considered when working in craft:

- 1 Safe working practices
- 2 Ethics and sustainability

**Performance
criteria**

<i>You must be able to:</i>	P1	identify and research relevant information and inspiration for ideas
	P2	organise and document research gathered to assist in the development of ideas
	P3	explore, select, develop and experiment with working ideas
	P4	match ideas with appropriate skills, techniques, materials, tools and equipment
	P5	identify, explore and resolve challenges to realise a final idea
	P6	record and document ideas, experiences and observations
	P7	reassess and evaluate the suitability and success of ideas

Knowledge and understanding

You need to know and understand:

- K1 where and how to research information and inspiration for ideas
- K2 how to organise and present research
- K3 how to select or refine ideas
- K4 how to develop working ideas
- K5 how to present ideas
- K6 how to match ideas with skills, techniques, materials, tools and equipment
- K7 how to protect ideas and the ideas of others including copyright and intellectual property rights
- K8 the limits of your craft techniques, materials, tools and equipment to achieve a successful outcome for your work
