

---

## Overview

This standard is about working effectively with others in the craft sector. You will need to demonstrate an understanding of the importance of building good working relationships with other professionals and implementing good working practices in the craft sector.

This standard is suitable for those who are self-employed, working for a sole practitioner or within a workshop or studio.

The following should be considered when working in craft:

- 1 Safe working practices
- 2 Ethics and sustainability

**Performance  
criteria**

- You must be able to:*
- P1 identify the skills required to work effectively
  - P2 assess your own strengths and weaknesses in working with others
  - P3 develop and apply your skills to improve working with others
  - P4 anticipate problems that might arise
  - P5 seek feedback on how successfully you work with others

## Knowledge and understanding

*You need to know and understand:*

- K1 why it is important to work effectively with others and the benefits to your work
- K2 how to identify effective working relationships and where improvement could be made
- K3 how to assess strengths and weaknesses when working with others
- K4 how to identify the skills required to work effectively
- K5 how to develop and apply your skills to improve working with others
- K6 how to anticipate any problems that might arise
- K7 how to seek evaluation on how successfully you work with others
