

# COSVR30 – SQA Unit Code HM3H 04

## Set out structural timber framework

---

### Overview

This standard is about

- 1 interpreting information
- 2 adopting safe and healthy working practices
- 3 selecting materials, components and equipment
- 4 setting out and marking out components for structural timber floors, walls and roofs

# COSVR30 – SQA Unit Code HM3H 04

## Set out structural timber framework

---

### Performance criteria

- You must be able to:*
- P1 interpret the given information relating to the work and resources to confirm its relevance
  - P2 comply with the given, relevant legislation and official guidance to carry out your work and maintain safe work practices
  - P3 select the required quantity and quality of resources for the methods of work
  - P4 comply with organisational procedures to minimise the risk of damage to the work and surrounding area
  - P5 comply with the given contract information to carry out the work efficiently to the required specification
  - P6 complete the work within the allocated time, in accordance with the programme of work

# COSVR30 – SQA Unit Code HM3H 04

## Set out structural timber framework

---

### Knowledge and understanding

*You need to know and understand:*

#### Performance Criteria 1

##### Interpretation of information

- K1 the organisational procedures developed to report and rectify inappropriate **information** and unsuitable **resources**, and how they are implemented
- K2 the types of **information**, their source and how they are interpreted
- K3 the organisational procedures to solve **problems** with the **information** and why it is important they are followed

#### Performance Criteria 2

##### Safe work practices

*You need to know and understand:*

- K4 the level of understanding operatives must have of **information** for relevant, current **legislation and official guidance** and how it is applied
- K5 the types of **fire extinguishers** and how and when they are used
- K6 how **emergencies** should be responded to and who should respond
- K7 the organisational **security procedures** for tools, equipment and personal belongings
- K8 what the accident reporting procedures are and who is responsible for making the report
- K9 why, when and how **health and safety control equipment** should be used

#### Performance Criteria 3

##### Selection of resources

*You need to know and understand:*

- K10 the characteristics, quality, uses, sustainability, limitations and defects associated with the **resources** and how defects should be rectified
- K11 how the **resources** should be used and how any **problems** associated with the **resources** are reported
- K12 the organisational procedures to select **resources**, why they have been developed and how they are used
- K13 the **hazards** associated with the **resources** and **methods of work** and how they are overcome

#### Performance Criteria 4

##### Minimise the risk of damage

*You need to know and understand:*

- K14 how to **protect work** from damage and the purpose of protection
- K15 why **disposal of waste** should be carried out safely and how it is achieved

# COSVR30 – SQA Unit Code HM3H 04

## Set out structural timber framework

---

*You need to know and understand:*

### **Performance Criteria 5**

#### **Meet the contract specification**

- K16 how **methods of work**, to meet the specification, are carried out and **problems** reported
- K17 how **maintenance** of tools and equipment is carried out

*You need to know and understand:*

### **Performance Criteria 6**

#### **Allocated time**

- K18 what the **programme** is for the work to be carried out in the estimated, allocated time and why deadlines should be kept

# COSVR30 – SQA Unit Code HM3H 04

## Set out structural timber framework

### Additional Information

#### Scope/range related to performance criteria

#### Performance Criteria 1

- 1 interpretation of drawings, specifications, schedules, method statements, risk assessments, cutting lists and information related to the work to be carried out

#### Performance Criteria 2

- 2 avoidance of risk by following the given information relating to the following
  - 2.1 methods of work
  - 2.2 safe use of health and safety control equipment
  - 2.3 safe use, storage and handling of materials
  - 2.4 safe use, storage and maintenance of tools and equipment

#### Performance Criteria 3

- 3 selection of resources associated with own work
  - 3.1 types and grades of timber
  - 3.2 components and fixings
  - 3.3 marking, testing and levelling tools and equipment

#### Performance Criteria 4

- 4 protection of the work and its surrounding area from damage
- 5 minimise damage and maintain a clean work space
- 6 disposal of waste in accordance with legislation

#### Performance Criteria 5

- 7 demonstration of work skills to measure, mark out, level and square
- 8 use and maintain marking, levelling and testing tools and ancillary equipment
- 9 measure, set out and mark out to given working instructions of
  - 9.1 timber wall and floor components (structural and/or non-structural)
  - 9.2 timber pitched roof components

#### Performance Criteria 6

- 10 completion of own work within the estimated, allocated time to meet the needs of other occupations and/or client

# COSVR30 – SQA Unit Code HM3H 04

## Set out structural timber framework

### Scope/range related to knowledge and understanding

#### **Disposal of waste**

- 1 environmental responsibilities, organisational procedures, manufacturers' information, statutory regulations and official guidance

#### **Emergencies**

- 2 operative's response to situations in accordance with organisational authorisation and personal skills when involved with
  - 2.1 fires, spillages, injuries
  - 2.2 emergencies relating to occupational activities

#### **Fire extinguishers**

- 3 water, CO<sub>2</sub>, foam, powder and their uses

#### **Hazards**

- 4 those identified by risk assessment, method of work, manufacturers' technical information, statutory regulations and official guidance

#### **Health and safety control equipment**

- 5 identified by the principles of protection for occupational use, types and purpose of each type, work situations and general work environment
  - 5.1 collective protective measures
  - 5.2 personal protective equipment (PPE)
  - 5.3 respiratory protective equipment (RPE)
  - 5.4 local exhaust ventilation (LEV)

#### **Information**

- 6 drawings, specifications, schedules, method statements, risk assessments, cutting lists and information relating to historical timber framing and post and beam construction

#### **Legislation and official guidance**

- 7 this relates to the operative's responsibilities regarding potential accidents and health hazards whilst working in the workplace, in confined spaces, at height, with tools and equipment, with materials and substances, with movement/storage of materials and by manual handling and mechanical lifting

#### **Maintenance**

- 8 operative care of marking, testing and levelling tools and ancillary equipment

# COSVR30 – SQA Unit Code HM3H 04

## Set out structural timber framework

---

### Methods of work

- 9 application of knowledge for safe work practices, procedures and skills, relating to the method/area of work and materials used, to
  - 9.1 set out and mark components for structural and non- structural timber walls, cross frames and floors
  - 9.2 set out and mark components for timber trussed purlin roofs
  - 9.3 use roofing squares and layout methods
  - 9.4 apply the theorem of Pythagoras
  - 9.5 determine geometrical angles
  - 9.6 determine graded timber tree anatomy and growth rates, shrinkage and defects
  - 9.7 assess the milling and cleaving process
  - 9.8 mark out joints for components associated with structural timber framework
  - 9.9 work with lifting equipment (an awareness of the necessity for user certification)
  - 9.10 erect timber framework
  - 9.11 use marking and levelling tools and equipment
- 10 team work and communication
- 11 needs of other occupations associated with setting out and marking structural timber framework

### Problems

- 12 those arising from information, resources and methods of work
  - 12.1 own authority to rectify
  - 12.2 organisational reporting procedures

### Programme

- 13 types of progress charts, timetables and estimated times
- 14 organisational procedures for reporting circumstances which will affect the work programme

### Protect work

- 15 protect work against damage from general workplace activities, other occupations and adverse weather conditions

### Resources

- 16 materials, components and equipment relating to types, quantity, quality, sizes and sustainability of standard and/or specialist
  - 16.1 timber, manufactured sheet material
  - 16.2 pegs and metal fixings
  - 16.3 marking, testing and levelling tools and equipment
- 17 methods of calculating quantity, length, area and wastage associated with the method/procedure to set out structural timber framework

### Security procedures

- 18 site, workplace, company and operative
