

Confirm the requirements for props and prototypes for retail displays

Overview

This standard is about using design information to confirm the props and prototypes required for retail displays and working out how to obtain these items.

This standard is for staff who are visual merchandising specialists and personnel with responsibilities for visual display and equipment.

When you have completed this standard you will be able to demonstrate your understanding of and ability to:

- Confirm the requirements for props and prototypes for retail displays

Confirm the requirements for props and prototypes for retail displays

Performance criteria

You must be able to:

1. use design information to confirm the props and prototypes required for retail displays
2. produce specifications for props and prototypes that meet the design brief
3. specify clearly and accurately the type, size and function of the props and prototypes required
4. identify which props and prototypes can be obtained ready-made and which need to be made to order
5. make realistic plans to obtain all the items required

Confirm the requirements for props and prototypes for retail displays

Knowledge and understanding

You need to know and understand:

1. where to obtain the design brief
2. how to use design information to confirm the props and prototypes required for retail displays
3. how to decide whether different types of props and prototypes are relevant, including life-size, large scale, small scale, standing items and moving items
4. how to specify the requirements for props and prototypes clearly, and what formats to use
5. how to use scale in creating visual effects
6. how props, prototypes, dressings and fixtures create visual effects
7. the types and styles of props and prototypes your retail organisation uses
