

Care: Social Influences

SCQF: level 5 (6 SCQF credit points)

Unit code: H21A 75

Unit outline

The general aim of this Unit is to enable learners to explain the ways in which social influences can impact on people, and to understand the relevance this has for care practice. They will use sociological concepts to explain social influences and the impact these might have on people's life chances. Learners will also explain actions taken in society to improve the life chances of individuals using care services.

Learners who complete this Unit will be able to:

- 1 Explain how social influences affect individuals using care services

This Unit is available as a free-standing Unit. The Unit Specification should be read in conjunction with the *Unit Support Notes*, which provide advice and guidance on delivery, assessment approaches and development of skills for learning, skills for life and skills for work. Exemplification of the standards in this Unit is given in *Unit Assessment Support*.

Recommended entry

Entry to this Unit is at the discretion of the centre. However, learners would normally be expected to have attained the skills, knowledge and understanding required by one or more of the following or equivalent qualifications and/or experience:

- ◆ National 4 Care Course or relevant component Units
- ◆ Literacy Unit (National 4)

Equality and inclusion

This Unit Specification has been designed to ensure that there are no unnecessary barriers to learning or assessment. The individual needs of learners should be taken into account when planning learning experiences, selecting assessment methods or considering alternative evidence. For further information, please refer to the *Unit Support Notes*.

Standards

Outcomes and assessment standards

Outcome 1

The learner will:

- 1 Explain how social influences affect individuals using care services by:**
 - 1.1 Identifying and explaining social influences on individuals, using sociological concepts
 - 1.2 Identifying and explaining the impact of social influences on the life chances of individuals, using sociological concepts
 - 1.3 Identifying and explaining actions taken in society to improve the life chances of individuals

Evidence Requirements for the Unit

Assessors should use their professional judgement, subject knowledge and experience, and understanding of their learners, to determine the most appropriate ways to generate evidence and the conditions and contexts in which they are used.

Assessment evidence can be drawn from a variety of sources and presented in a variety of formats. The evidence does not need to be achieved in one activity, but can be assembled from a variety of tasks and assessments carried out throughout the Unit. Evidence may be presented for individual Outcomes, or gathered for the Unit

Exemplification of assessment is provided in *Unit Assessment Support*. Advice and guidance on possible approaches to assessment is provided in the *Unit Support Notes*.

Development of skills for learning, skills for life and skills for work

It is expected that learners will develop broad, generic skills through this Unit. The skills that learners will be expected to improve on and develop through the Unit are based on SQA's *Skills Framework: Skills for Learning, Skills for Life and Skills for Work* and are drawn from the main skills areas listed below. These must be built into the Unit where there are appropriate opportunities.

1 Literacy

1.2 Writing

1.3 Listening and talking

4 Employability, enterprise and citizenship

4.6 Citizenship

5 Thinking skills

5.3 Applying

Amplification of these is given in SQA's *Skills Framework: Skills for Learning, Skills for Life and Skills for Work*. The level of these skills should be at the same SCQF level as the Unit and be consistent with the SCQF level descriptor. Further information on building in skills for learning, skills for life and skills for work is given in the *Unit Support Notes*.
