NATIONAL CERTIFICATE MODULE DESCRIPTOR

-Module Number- 0064503 -Session-1986-87

-Superclass- XR

-Title- VEHICLE TRIMMING 2

-DESCRIPTION-

Type and Purpose A specialist module which extends the student's ability to trim more complex components.

Preferred Entry Level 04501 Upholstery and Vehicle Trimming Materials
04502 Vehicle Trimming 1
04500 Trim and Upholstery Sewing (1/2)

Learning Outcomes The student should:

1. trim complex components;
2. use safe practices and procedures in trim workshop situations.

Corresponding to the Learning Outcomes:

1. methods used in trimming components such as:
 - (a) roof linings;
 - (b) exterior vinyl roof coverings;
 - (c) blinds;
 - (d) curtains;
 - (e) fluted seats and backs.

The function and use of specialist tools used in trimming.

The applications of high frequency welding equipment. High frequency welding of P.V.C. covers.

2. safe working practice and use of protective clothing.

Relevant Health and Safety Regulations.

Suggested Learning and Teaching Approaches	<p>This module should be presented in a practical situation with the technology covered at appropriate times during a range of practical exercises.</p> <p>Students should complete practical assignments requiring them to select materials, measure, cut, sew and fix trim to the more complex trim components listed.</p>
Assessment Procedures	<p>All learning outcomes must be validly assessed.</p> <p>The student must be informed of the tasks which contribute to summative assessment and, if possible, any unsatisfactory aspects should be discussed with the student as and when they arise. Acceptable performance in the module will be satisfactory achievement of the performance criteria for each learning outcome.</p> <p>The following abbreviations are used below:</p> <p style="margin-left: 40px;">LO Learning Outcome IA Instrument of Assessment PC Performance Criteria</p> <p>LO1 IA Practical exercise.</p> <p style="margin-left: 40px;">PC The student completes a complex trim component to an acceptable standard:</p> <p style="margin-left: 80px;">(a) using suitable materials; (b) using suitable fixings.</p> <p>LO2 IA Observation checklist.</p> <p style="margin-left: 40px;">PC The student consistently:</p> <p style="margin-left: 80px;">(a) behaves in a manner appropriate to the working environment; (b) observes all safety regulations; (c) uses all safety equipment.</p>
