**SCQF:** level 6 (6 SCQF credit points)

**Unit code:** H1YY 76

### Unit outline

The general aim of this Unit is to enable learners to develop a range of IT skills, some of them advanced, for communicating complex information to others. Learners will develop an understanding of barriers to communication and ways of overcoming them to ensure communication is understood. This foundation will enable learners to communicate information in ways that take account of the needs of the audience.

Learners who complete this Unit will be able to:

- 1 Communicate complex information to a range of audiences and effectively manage sensitive information

This Unit is a mandatory Unit of the Higher Administration and IT Course and is also available as a free-standing Unit. The Unit Specification should be read in conjunction with the *Unit Support Notes*, which provide advice and guidance on delivery, assessment approaches and development of skills for learning, skills for life and skills for work. Exemplification of the standards in this Unit is given in *Unit Assessment Support*.

The *Course Assessment Specification* for the Higher Administration and IT Course gives further mandatory information on Course coverage for learners taking this Unit as part of the Higher Administration and IT Course.
