In doing so, the Unit is designed to enhance the employability of learners by enabling them to carry out activities that will contribute to organisational success.

This Unit is a mandatory Unit of the Higher Business Management Course and is also available as a free-standing Unit. The Unit Specification should be read in conjunction with the *Unit Support Notes*, which provide advice and guidance on delivery, assessment approaches and development of skills for learning, skills for life and skills for work. Exemplification of the standards in this Unit is given in *Unit Assessment Support*.

The *Course Assessment Specification* for the Higher Business Management Course gives further mandatory information on Course coverage for learners taking this Unit as part of the Higher Business Management Course.

Evidence Requirements for the Unit

Assessors should use their professional judgement, subject knowledge and experience, and understanding of their learners, to determine the most appropriate ways to generate evidence and the conditions and contexts in which they are used.

Evidence can be drawn from a variety of sources and presented in a variety of formats. This can include short written responses, participation in group tasks, presenting information to other groups and/or oral recorded evidence. The evidence can be gathered from a variety of tasks and assessments carried out during the Unit or Course. Learners should use appropriate business terminology and include, where appropriate, the use of real business examples.

Evidence may be presented for individual Outcomes or it may be gathered for the Unit as a whole through combining assessment in one single activity. If the latter approach is used, it must be clear how the evidence covers each Outcome.

Exemplification of assessment is provided in *Unit Assessment Support*. Advice and guidance on possible approaches to assessment is provided in the *Unit Support Notes*.
