Unit outline

The general aim of this Unit is to develop learners' basic organisational skills. Learners will acquire the ability to produce dishes (with guidance and by following a given plan), to present them appropriately and to work safely and hygienically. They will also develop the ability to carry out an evaluation of the product.

Learners who complete this Unit will be able to:

- 1 Select and follow a recipe, with guidance, to produce a dish
- 2 Implement a time plan, with guidance, to produce a dish

This Unit is a mandatory Unit of the National 3 Hospitality: Practical Cookery Course and is also available as a free-standing Unit. The Unit Specification should be read in conjunction with the *Unit Support Notes*, which provide advice and guidance on delivery, assessment approaches and development of skills for learning, skills for life and skills for work. Exemplification of the standards in this Unit is given in *Unit Assessment Support*

Recommended entry

Entry to this Unit is at the discretion of the centre. However, learners would normally be expected to have attained the skills, knowledge and understanding required by the following or equivalent qualifications and/or experience:

- ◆ National 2 Food, Health and Wellbeing Course or relevant component Units

In terms of prior learning and experience, relevant experiences and outcomes may also provide an appropriate basis for doing this Unit.

Equality and inclusion

This Unit Specification has been designed to ensure that there are no unnecessary barriers to learning or assessment. The individual needs of learners should be taken into account when planning learning experiences, selecting assessment methods or considering alternative evidence. For further information, please refer to the *Unit Support Notes*.

Evidence Requirements for the Unit

Assessors should use their professional judgement, subject knowledge and experience, and understanding of their learners, to determine the most appropriate ways to generate evidence and the conditions and contexts in which they are used.

Evidence for this Unit will be practical and observational. Assessment of Outcome 1 and Outcome 2 will normally be combined, and it must be clear how the assessment evidence covers each Outcome.

The dish to be produced in Outcome 1 can be a starter, a main course or a dessert. Learners are required to produce a single dish on one occasion.

The time plan required to complete Outcome 2 should be provided by centres.

Assessors should track evidence for each Outcome to ensure that the requirements of each Assessment Standard have been met.

Exemplification of assessment is provided in *Unit Assessment Support*. Advice and guidance on possible approaches to assessment is provided in the *Unit Support Notes*.

Development of skills for learning, skills for life and skills for work

It is expected that learners will develop broad, generic skills through this Unit. The skills that learners will be expected to improve on and develop through the Unit are based on SQA's *Skills Framework: Skills for Learning, Skills for Life and Skills for Work* and drawn from the main skills areas listed below. These must be built into the Unit where there are appropriate opportunities.

2 Numeracy

2.2 Money, time and measurement

5 Thinking skills

5.2 Understanding

5.3 Applying

Amplification of these is given in SQA's *Skills Framework: Skills for Learning, Skills for Life and Skills for Work*. The level of these skills should be at the same SCQF level of the Unit and be consistent with the SCQF level descriptor. Further information on building in skills for learning, skills for life and skills for work is given in the *Unit Support Notes*.
