Unit outline

The general aim of this Unit is to develop learners' knowledge and understanding of ingredients from a variety of different sources and their uses. It also addresses the importance of responsible sourcing of ingredients and of current dietary advice. Learners will develop an ability to select and use appropriate ingredients, with minimal guidance, in the preparation of dishes and to do so safely and hygienically.

Learners who complete this Unit will be able to:

- 1 Apply an understanding of ingredients from a range of categories
- 2 Use ingredients in the preparation of dishes

This Unit is a mandatory Unit of the National 4 Hospitality: Practical Cookery Course and is also available as a free-standing Unit. The Unit Specification should be read in conjunction with the *Unit Support Notes*, which provide advice and guidance on delivery, assessment approaches and development of skills for learning, skills for life and skills for work. Exemplification of the standards in this Unit is given in *Unit Assessment Support*.

The *Added Value Unit Specification* for the National 4 Hospitality: Practical Cookery Course gives further mandatory information on Course coverage for learners taking this Unit as part of the National 4 Hospitality: Practical Cookery Course.

Evidence Requirements for the Unit

Assessors should use their professional judgement, subject knowledge and experience, and understanding of their learners, to determine the most appropriate ways to generate evidence and the conditions and contexts in which they are used.

Evidence for this Unit will cover both knowledge and practice. Assessment of the knowledge in Outcome 1 may be either undertaken separately or combined into a holistic activity.

Where assessment is combined, it must be clear how the assessment evidence covers each Outcome.

The categories of ingredients should be selected from those listed in the 'Further mandatory information on Course coverage for the National 4 Hospitality: Practical Cookery Course' section of the *Added Value Unit Specification*.

The recipes selected will determine the range of ingredients used in Outcome 2. Recipes of an appropriate standard should be followed.

Assessors should track evidence for each Outcome to ensure that the requirements of each Assessment Standard have been met.

Exemplification of assessment is provided in *Unit Assessment Support*. Advice and guidance on possible approaches to assessment is provided in the *Unit Support Notes*.
