Introduction

This document tells you what materials your candidates will need to use when producing coursework for National 5, Higher and Advanced Higher courses. It also tells you how to submit this coursework to SQA for marking.

Handwritten material

Black or blue ink must be used if coursework is to be handwritten. Diagrams, graphs and sketching submitted with coursework are exempt from this requirement.

Coursework templates for National 5, Higher and Advanced Higher

Some courses have mandatory templates that candidates must use when producing coursework. These templates are available on our subject pages.

Templates must be accompanied by a flyleaf (see Coursework flyleaves for National 5, Higher and Advanced Higher on page 16 for distribution dates). Advanced Higher Modern Languages Portfolio components are an exception — candidates complete an electronic booklet that is available on the SQA website. For National 5 and Higher Modern Languages Assignment – writing, candidates complete a bespoke answer booklet provided as stationery by SQA.

Many templates are available in multiple formats. Candidates can either type or handwrite into the templates. Black or blue ink must be used if coursework is handwritten.

All submissions must meet the full requirements of the course.

Art and Design portfolios

Preparing and submitting Art and Design portfolios

We will publish key dates for Art and Design courses for all levels and the Submission Guidance document, which contains full details on preparing and submitting portfolios. The Submission Guidance provides information on the use of media and materials, including 3D, digital, and work of a fragile nature. This information will be available on the Art and Design Portfolio Assessment web page.

Flyleaves

Candidates are required to complete a flyleaf document for both the expressive and design portfolios for National 5, Higher, and Advanced Higher Art and Design.

- ◆ National 5 and Higher flyleaves must be attached to the back of each portfolio.
- ◆ Advanced Higher flyleaves can be submitted along with the contextual analysis.

Evaluation templates

Candidates must complete their evaluations on the SQA templates for National 5, Higher and Advanced Higher Art and Design portfolios.

The templates provide a defined space for candidates to type their evaluations, encouraging them to spend a proportionate amount of time on the evaluation. This gives candidates more time to work on their practical work.

Candidates should print the completed templates and attach each one to the top sheet of the relevant portfolio. Candidates should take care that the templates do not cover any art or design work.

Candidates must use these templates when completing and submitting their portfolios in session 2023–24.

The templates, with further information, are available under the 'Coursework heading of the:

- ◆ National 5 Art and Design subject page
- ◆ Higher Art and Design subject page
- ◆ Advanced Higher Art and Design (Design) subject page
- ◆ Advanced Higher Art and Design (Expressive) subject page

If files exceed the 1GB limit, candidate work should be saved onto a CD, DVD or memory stick and submitted to SQA the via the physical uplift.

Candidate welfare tick-box

Where coursework is produced over a period of time, templates or flyleaves will contain a candidate welfare statement and tick-box. This box should be ticked if you are aware of potentially sensitive content within a candidate submission, which may indicate a candidate welfare issue, to show that you are taking action to address this. This will let the marker know that they do not need to raise concerns about the content.

Please note that the tick-box for this is on page 2 for the following subjects:

- ◆ Advanced Higher Accounting
- ◆ National 5 and Advanced Higher Design and Manufacture.
- ◆ National 5, Higher and Advanced Higher English
