Your **knowledge and understanding** for this Unit will relate to legal requirements and codes of practice applicable to the scope of your work and others with whom you work; the nature of the work you are undertaking; your role and level of responsibility within your organisation (eg whether you have responsibility to support the work of others); the individuals, key people<sup>1</sup> and others with whom you are required to work and the degree of autonomy you have for the management of your own work activities.

### Values underpinning the whole of the Unit

The values underpinning this Unit have been derived from the key purpose statement<sup>2</sup>, the statement of expectations from carers and people receiving services, relevant service standards and codes of practice for health and social care in the four UK countries. If you are working with children and young people they can be found in the principles of Care Unit HSC34. If you are working with adults they can be found in HSC35. To achieve this Unit you must demonstrate that you have applied the principles of care outlined in either unit HSC34 or HSC35 in your practice and through your knowledge.
