

Updates to Unit assessment support packs for National 4 to Higher Graphic Communication Courses

We have updated some Unit assessment support for National 4 to Higher Courses. This follows the revisions made to Unit Specifications in April 2015.

Updated Unit assessment support materials are now available for National 4 to Higher Graphic Communication. The updated materials are dated 'August 2015'.

Please refer to the following 'Notification of Changes' tables for your curricular area, as these provide a summary of the changes to each document and include details of the revised version numbers.

- [Technologies National 3 to National 5 Notification of Changes Log](#)
- [Technologies Higher Notification of Changes Log](#)

Notification of Changes tables for all subjects are available from www.sqa.org.uk/cfesubjectchanges

The use of SQA-produced Unit assessments is not mandatory; however, if you are using them, we strongly encourage you to use the most up-to-date versions. Please note that you may continue to use existing versions of the Unit assessments until the end of session 2015–16 and both will be accepted for verification purposes.

The updated Unit assessment support materials are available from our secure website and you can arrange access to them through your SQA Co-ordinator.

Further information on the reasons for the changes to Unit assessment support, and guidance on the next steps to take, is provided below.

Subject	Reason for change	Next steps for centres
Graphic Communication	<p>Following engagement with deliverers, the terms 'CAD/D' and 'computer-aided design/draughting' have been replaced with 'CAD' and 'computer-aided design' respectively.</p> <p>These changes were made across all of our documents including Unit assessment support packs. Centres can continue using the previous version as this change, whilst necessary, won't directly affect Unit assessment.</p>	Centres are advised to download new copies of the revised documents.
