

Annual Update for Higher National Qualifications

This report lists additions, revisions and withdrawals to SQA's portfolio of Higher National Qualifications in 2017–18. It covers Higher National units, Higher National Certificates, Higher National Diplomas and Professional Development Awards. The report is aimed at SQA Co-ordinators and practitioners in SQA approved centres to assist with planning for the academic session by providing:

- ◆ information about the currency of units and Group Awards
- ◆ early notification to staff delivering units which are entering their lapsing period
- ◆ information to help raise staff awareness of new units and Group Awards in their specialist areas

The information in this report is also contained in the [Catalogue of Higher National Qualifications](#). The catalogue is updated regularly throughout the year and contains the most up-to-date information about available HN provision. Further information about new and revised HN units, group awards and PDAs can be found on the [HN section of SQA's website](#). The [HN unit Search](#) allows you to search for HN Units by keyword, title or code.

The [HN Notification of Changes to Unit Specifications and Frameworks](#) on our website is also updated regularly. It shows:

- ◆ a summary of changes to units that warrant a new version number
- ◆ where a finish date has been removed or extended
- ◆ framework changes
- ◆ verification group changes
- ◆ qualifications that have been withdrawn
