Paper 2

Answer all questions.

**Question 3**

- |     |  |          |           |
|-----|--|----------|-----------|
| (a) | Describe <b>two</b> main points of the World Health Organisation's definition of Health. | <b>3</b> | <b>KU</b> |
| (b) | Describe <b>one</b> theoretical approach to children's basic health needs.               | <b>6</b> | <b>KU</b> |

Read the following scenario and answer the questions which follow.

Jasmine (11 years 3 months) and her baby brother Ali who is 4 months old are mainly cared for by their extended family. Caring for Ali takes up a lot of everyone's time and Jasmine is feeling unhappy. She has started staying out late and is refusing to eat meals with the family. Her weight loss is a concern to her teachers but her Aunt Meena has not taken her to the doctor or replied to messages from the school.

- |     |   |             |           |
|-----|---|-------------|-----------|
| (c) | Evaluate how Jasmine's health needs are <b>not</b> being met.   | <b>5</b>    | <b>AE</b> |
| (d) | Evaluate the contribution of <b>one</b> statutory and <b>one</b> voluntary agency involved in the promotion of Ali's holistic health. | <b>2</b>    | <b>KU</b> |
|     |   | <b>2</b>    | <b>AE</b> |
| (e) | Evaluate the contribution made by <b>one</b> professional in supporting the health of the family in the scenario.                     | <b>1</b>    | <b>KU</b> |
|     |   | <b>6</b>    | <b>AE</b> |
|     |   | <b>(25)</b> |           |

**Question 4**

Read the following scenario and answer the questions which follow.

Three staff from Cherry Trees After School Care Service are taking a group of ten children (aged 5–8 years) on a trip to the local park. The park is across the road from their building. The children enjoy the range of large play equipment including climbing frames, rope swings and chutes. There is a small duck pond and an area for skateboarding. The park is a popular area for local people to walk their dogs.

- |  |             |           |
|--|-------------|-----------|
| (a) Describe the gross motor skills expected in children of 5–8 years.   | <b>5</b>    | <b>KU</b> |
| (b) Analyse <b>one</b> activity taking place in the park where <b>three</b> aspects of children's development can be observed. | <b>6</b>    | <b>AE</b> |
| (c) Evaluate the benefits of outdoor play on children's holistic health.   | <b>3</b>    | <b>AE</b> |
| (d) Describe the role of staff in accident prevention for this trip.   | <b>5</b>    | <b>KU</b> |
| (e) Evaluate the responsibilities of staff if a child becomes unwell at the park.  | <b>3</b>    | <b>KU</b> |
|  | <b>3</b>    | <b>AE</b> |
|  | <b>(25)</b> |           |
