Fill in these boxes and read what is printed below.

Full name of centre

Town

Forename(s)

Surname

Date of birth

Day Month Year

Scottish candidate number

Number of seat

- 1 **140 Marks are allocated to this paper. Section A = 40 marks  
Section B = 100 marks**
- 2 Candidates should attempt **all** questions in **Section A** and are advised to spend approximately 45 minutes on this section. A supplementary page is included at the end of **Section A** for use if extra space is required.
- 3 Candidates should attempt questions 7, 8, 9, 10 and **either** question 11 **or** question 12 in **Section B**.
- 4 Read each question carefully before you answer.
- 5 Written answers may be in **ink** or **pencil**.
- 6 Drawings and sketches **must be in pencil**.
- 7 Dimensions are given in millimetres or as stated.
- 8 Orthographic drawings are in third angle projection.
- 9 **At the end of the examination**  
check that your name is on every sheet;  
put the sheets in correct numerical order;  
place this sheet on top of the others;  
join all sheets together by stapling at the top left-hand corner;  
before leaving the examination room, you must give these sheets to the Invigilator (if you do not you may lose all the marks for this paper).

**[BLANK PAGE]**

**1** A supplementary page is included at the end of Section A for use if extra space is required.

An **engineer's office** uses a range of *Preliminary and Production* graphics. Marks

Explain the purpose of each **type** of graphic and give **one** example of each.

<i>Preliminary</i>	Purpose .....	1
	.....	1
	Example .....	1
<i>Production</i>	Purpose .....	1
	.....	1
	Example .....	1

**(4)**

**2** A pictorial view and elevation of a menu holder are shown below.

The location pins each  $\text{Ø}30$  mm are set apart at 400 mm nominal centres.

There are tolerances on both the **sizes and location** of the pins and these are shown on the drawing below.

(a) Calculate the **maximum** and **minimum** gap between the pins.

Maximum ..... 1

Minimum ..... 1

(b) State **two** reasons why tolerances are an important feature in manufacturing.

Reason 1 ..... 1

Reason 2 ..... 1

**(4)**

**3**

A firm of architects have produced a range of building plans for a new house. Marks

(a) Look at the plans shown below and identify the features indicated.

Site Plan (not to scale)

Site plan	
Feature	
(i) .....	1
(ii) .....	1
(iii) .....	1

Floor Plan (not to scale)

Floor plan	
Feature	
(iv) .....	1
(v) .....	1
(vi) .....	1

(b) For each of the above building plan types, state an appropriate British Standard scale.

*Site plan* scale ..... 1

*Floor plan* scale ..... 1

(c) Name another type of building plan.

Type of plan ..... 1

**(9)**

The first issue of a golf club newsletter produced on a DTP package is shown below.

Marks

- (a) State the desktop publishing **terms** for each of the numbered elements.
- (i) ..... (ii) ..... 2
- (iii) ..... (iv) ..... 2
- (v) ..... (vi) ..... 2
- (b) State the term for the effect used on the text at X “**New Course Opening**”.
- ..... 1
- (c) Add a footer showing “issue1” to the newsletter. 1
- (d) State the page orientation of the newsletter.
- ..... 1
- (9)

British Standard conventions are used by the engineering and building industry.

Marks

(a) State the type of sectional view indicated in each drawing.

(i) Section view ..... 1

(ii) Section view ..... 1

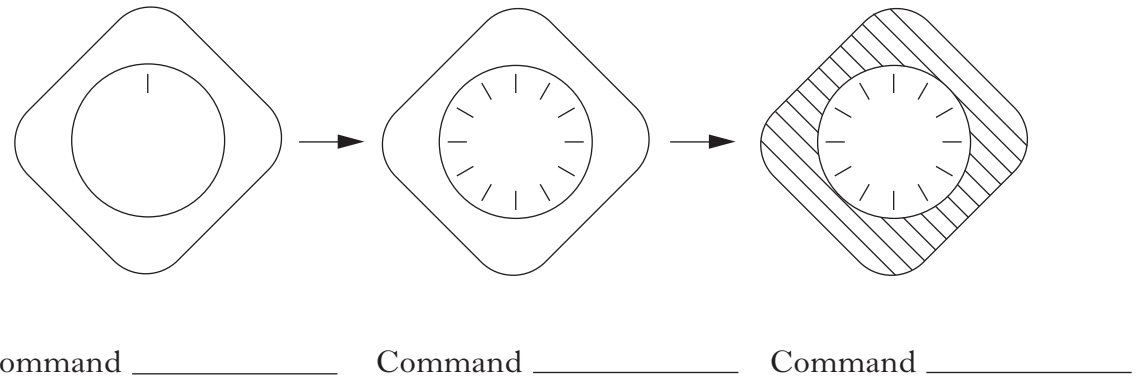

(b) According to **British Standards** the third angle projection symbol is found in the title block of orthographic drawings.

List **four** other pieces of information that a title block should contain.

- (i) ..... 1
- (ii) ..... 1
- (iii) ..... 1
- (iv) ..... 1
- (6)

A company of clock makers are using a **CAD** package to produce working drawings of their new range of clocks. *Marks*

(a) State the single CAD command used in each stage of the clock design below.

6

(b) The clock making company are considering purchasing a colour inkjet or a colour laser printer to produce hard copies of their designs.

State **one** advantage of each type of printer.

Colour Inkjet Printer .....

.....

1

Colour Laser Printer .....

.....

(8)

Use this page if extra space is required for answers to Questions 1 to 6.

**Number each answer clearly.**

The outline of a kite handle is shown.

Draw the outline using the given start, to a scale of 1:1.

Show clearly the centres used to draw all the arcs.

Do not show dimensions. (10 marks)
