Attempt ALL questions.

You will hear two items in Italian. Before you hear each item, you will have one minute to study the questions. You will hear each item three times, with an interval of one minute between playings. You will then have time to answer the questions before hearing the next item.

You may NOT use an Italian dictionary.

Write your answers clearly, in English, in the spaces provided in this booklet. Additional space for answers is provided at the end of this booklet. If you use this space you must clearly identify the question number you are attempting.

Use blue or black ink.

You are not allowed to leave the examination room until the end of the test.

Before leaving the examination room you must give this booklet to the Invigilator; if you do not, you may lose all the marks for this paper.

[END OF SPECIMEN QUESTION PAPER]
This paper must not be seen by any candidate.

The material overleaf is provided for use in an emergency only (eg the recording or equipment proving faulty) or where permission has been given in advance by SQA for the material to be read to candidates with additional support needs. The material must be read exactly as printed.
Item number one.

Chiara talks about her mobile phone.

You now have one minute to study the questions for item number one.

Mio nonno abita con noi, ed è simpaticissimo. Però, qualche volta mi dice che io passo troppo tempo sul mio telefonino. Mio nonno non capisce che il telefonino è utile per fare i compiti. Ho spiegato a mio nonno che se, per esempio, ho un problema in matematica, posso mandare un messaggio a Ibrahim, il ragazzo più bravo in matematica della mia classe. Poi, per il compito d'inglese, è facile trovare parole nuove su un dizionario in internet.

C'è anche un'altra cosa. Cerrione, il paese dove abitiamo, mi piace, perché è in campagna, ed è bello vivere a contatto con la natura. L'unico problema è che tutti i miei amici abitano in città, e il telefonino è essenziale per chattare su Facebook e rimanere in contatto con loro.

Certo, un telefonino con internet è più caro: il mio contratto costa quaranta euro al mese. Mio nonno mi dice sempre che avere un telefonino costa troppo.

(t) Item number two.

You listen to a conversation in which Giacomo talks about his parents.

You now have one minute to study the questions for item number two.

(f) Allora Giacomo, vieni alla festa sabato?

(m) Non posso, Valentina. Ho litigato con i miei genitori. Sabato devo mettere in ordine la camera.

(f) Peccato! Allora hai problemi con i tuoi?

(m) Sì. Diversi problemi! . . . Vorrei avere un animale a casa, ma secondo i miei genitori non è possibile. Dicono che la nostra casa è . . . sai . . .

(f) Troppo piccola?

(m) Esatto. Poi, c'è il problema della scuola.

(f) Non va?

(m) No. Sai perché? I miei genitori hanno insistito per farmi studiare storia e a me non piace . . . c'è troppo da leggere. Secondo me, sarebbe più utile studiare informatica, vero?

(f) Certo, oggi, il computer è una necessità per il lavoro.

(m) Poi, voglio comprare un motorino . . . un motorino per andare a scuola. Mio padre non è d'accordo: dice che, per la salute, è meglio andare a scuola a piedi.

(f) Ti capisco. Io ho il motorino . . . e anche il cane!

(m) Guarda, Giacomo, preferisco i tuoi genitori: sono meno severi, sono più sportivi . . . invece i miei guardano sempre la televisione, soprattutto i reality . . . Non voglio guardarlo stasera, è così ridicolo.

(f) Allora vieni con me a portare il mio cane a spasso!

(m) Sei una vera amica Valentina!

(f) Anche tu Giacomo!

(2 minutes)

(t) End of test.

Now look over your answers.

General marking principles for National 5 Italian Listening

This information is provided to help you understand the general principles you must apply when marking candidate responses to questions in this paper. These principles must be read in conjunction with the detailed marking instructions, which identify the key features required in candidate responses.

(a) Marks for each candidate response must always be assigned in line with these general marking principles and the detailed marking instructions for this assessment.

(b) Marking should always be positive. This means that, for each candidate response, marks are accumulated for the demonstration of relevant skills, knowledge and understanding: they are not deducted from a maximum on the basis of errors or omissions.

(c) If a specific candidate response does not seem to be covered by either the principles or detailed marking instructions, and you are uncertain how to assess it, you must seek guidance from your team leader.

(d) The marking instructions indicate the essential idea that a candidate should provide for each answer.

(e) The answers for each question must come from the item.

(f) There are a number of supported marks across the two items. Where there are supported marks in the form of a grid, award zero marks where a candidate ticks all boxes.

(g) For questions that ask candidates to ‘state’ or ‘give’, candidates must give a brief, accurate response/name.
