## Subject Review Report

The development and implementation of the whole suite of National Qualifications has been a huge programme of work dating from 2010 and included many stakeholders. As part of the review and evaluation of this programme, SQA has been engaging with teachers and lecturers on an ongoing basis, as well as gathering intelligence from the awarding and verification process. As a result of this work, SQA has created subject reports to give teachers and lecturers an insight into our planned incremental changes and further areas of investigation for each subject. Each report identifies the key issues for that subject and an associated action plan. Find out more information and what this means for your subject [here](#).

## Planned changes to documents in session 2016/17

We have put in place an agreed schedule of planned changes to documents for National Qualifications in session 2016/17.

Publication date	Documents
End of April 2016	Course Specifications, Course Assessment Specifications and Unit Specifications
End of May 2016	Course and Unit Support Notes
End of August 2016	Unit assessment support packs
End of September 2016	Coursework assessment tasks, specimen question papers and exemplar question papers

This schedule takes into account any necessary changes that are identified as a result of verification activities, the exam diet and feedback received from centres throughout the current session. It is anticipated that additional, critical changes may be identified for some subjects following the grade boundary meetings which take place during the summer months. Where such changes are identified, we will make further updates and publish these documents by the following dates:

Publication date	Documents
End of August 2016	Course Specifications, Course Assessment Specifications and Unit Specifications ( <i>further critical changes only</i> )
End of September 2016	Course and Unit Support Notes ( <i>further critical changes only</i> )

## Changes to documents in April and May 2016

Please ensure that you read the following updated documents in preparation for session 2016/17. To help you quickly and easily identify what has been updated, for every updated mandatory document we have also published a comparison document that clearly illustrates the changes.

These are published alongside the updated documents on our subject pages at [www.sqa.org.uk/nqsubjects](http://www.sqa.org.uk/nqsubjects)

The Notification of Changes spreadsheets have also been updated to reflect the latest changes to documents. You can view these spreadsheets at [www.sqa.org.uk/nqsubjectchanges](http://www.sqa.org.uk/nqsubjectchanges)

### Advanced Higher documents

#### Course Specification

Minor amendments have been made to the wording in the 'Unit assessment' section on page 8. The wording has been revised under each Unit title to better reflect the content of the Unit Specifications.

The Unit Specifications (Assessment Standards) have not been amended as the wording here is accurate.

## Further information and guidance

### National 5

#### Question paper

As highlighted in the Subject Review Report, the format of the National 5 question paper will be reviewed for use from session 2017/18 onwards. In addition, it should be noted that from the 2017 exam diet onwards the 8-mark KU3 questions will now be phrased:

*How important...? and How successful...? as well as To what extent...?*

Further information will be provided on the outcome of the review and any changes in due course.

#### Assignment

Please note that in addition to the scheduled review, guidance in relation to the assignment within the *Course and Unit Support Notes* will be updated. The *Course and Unit Support Notes* document will be updated to reflect current guidance on setting an assignment title.

## Verification Key Messages

Key messages from round 1 of verification in session 2015/16 are available from the relevant subject pages of our website at [www.sqa.org.uk/nqsubjects](http://www.sqa.org.uk/nqsubjects). You can access them from the 'Verification and Course Reports' heading in the Assessment Support section.

Key messages from round 2 will be published over the summer.

## Looking ahead to session 2016/17

### Understanding Standards programme

Our Understanding Standards programme will continue in session 2016/17 when we will publish more candidate evidence and commentary materials. We will also deliver a series of Understanding Standards events on Course assessment. In addition to this, throughout the session we will gather and publish assessment case studies to share good practice in assessment.

To access candidate evidence and commentaries for externally assessed Components of Course assessment, visit [www.understandingstandards.org.uk](http://www.understandingstandards.org.uk)

Candidate evidence and commentaries for Units and internally assessed Components of Course assessment are available from our secure website.

For more information on Understanding Standards, visit [www.sqa.org.uk/understandingstandards](http://www.sqa.org.uk/understandingstandards)

### Continuing Professional Development (CPD) training

We are still offering free CPD training for teachers and lecturers, where particular areas of concern are identified which are not addressed by the Understanding Standards programme. This CPD support is subject-specific and is tailored to cover one or more qualification levels according to requirements.

Where there is sufficient demand, we may deliver CPD training through online webinars and, where appropriate, publish the recordings and related materials on our website after the webinar has taken place.

During session 2015/16, we delivered a CPD webinar for Higher History. You can access the associated materials from [www.sqa.org.uk/understandingstandards](http://www.sqa.org.uk/understandingstandards)
