Stage 2: Making the detailed fashion/textile item (50 marks)

2a Set up, adjust and use appropriate tools and equipment. (6 marks)

Your teacher or lecturer will assess you on the safe and correct set up and use of appropriate tools and equipment.

2b Identify and use an appropriate paper pattern for the detailed fashion/textile item. (4 marks)

Your teacher or lecturer will assess you on the correct use of an appropriate paper pattern during the manufacture of your item.

You must identify the source of the paper pattern used to make your item.

This could be:

- the name of the manufacturer and number of the pattern
- the name of the publication and issue date (or issue number)
- the website URL, with source pages specified
- details of any other source

Source of paper pattern used to make the item you presented as your solution in 1c.

2c Make and finish the detailed fashion/textile item. (36 marks)

You must make and finish the detailed fashion/textile item which you presented as your solution in 1c, using **at least eight** appropriate textile construction techniques.

You may choose to incorporate more than 8 techniques in your item, but you will not be awarded marks for these additional techniques.

Your teacher or lecturer will assess you throughout the manufacture of your item.

You must provide photographic evidence of the manufacture of your item.

This must provide **clear** evidence of:

- the textiles and components to be used
- the item during at least two stages of manufacture. Candidates may wish to take the opportunity to provide additional evidence of construction techniques carried out, which are later hidden by subsequent processes.
- the completed item

Insert or attach relevant photographic evidence here. Additional pages may be attached if needed.

Your completed fashion/textile item and your record of work must now be presented to your teacher or lecturer for assessment.

Stage 3: Evaluation (10 marks)

3a Investigation for evaluation of the fashion/textile item. (4 marks)

You must produce evidence of carrying out an investigation to evaluate the fashion/textile item you made, using **one** investigative technique.

The investigation is worth 4 marks.

Your evidence for the investigation must include:

- details of the research technique and source used
- the results of your research
- the main points from your research that you will use to evaluate your fashion/textile item (4 marks)

Aim What information is to be collected?	Technique How will the information be collected?	Source Where will the information be found?

You may present evidence from your investigation in a variety of different ways such as a written report, graph, chart, table, notes from an interview, photographs or any other relevant format.

Present your relevant evidence below. You may attach additional pages if needed.

3b Evaluation of the finished item. (3 marks)

You must evaluate your finished fashion/textile item with reference to the brief and/or your solution, based on findings from the investigation you carried out in 3a.

3c Evaluation of the development process (3 marks)

You must evaluate the effectiveness of the development process. You must base this on evidence from your Plan and your Record of Work.
