

**National Qualifications 2011
Internal Assessment Report
Engineering Systems**

The purpose of this report is to provide feedback to centres on verification in National Qualifications in this subject.

National Qualifications (NQ) awards

Titles/levels of NQ awards verified

NQ Engineering Systems

General comments

Only one centre had an external verification visit this session. Assessors and verifiers demonstrated a clear and accurate understanding of the national standards.

Course Arrangements documents, Unit specifications, instruments of assessment and exemplification materials

At this centre, assessors were familiar with all the above requirements.

Evidence Requirements

These were clearly understood.

Administration of assessments

Internal verification was carried out according to the centre's procedure. Sampled scripts were signed by both the assessor and Internal Verifier. Comprehensive records were available.

Areas of good practice/areas for improvement

The centre visited integrates two relevant modules with the delivery and assessment of the Engineering Project. These are F3GE 11: Working with Others; and F3GD 11: Problem Solving.
