Changes to assessment at National 5, Higher and Advanced Higher

As announced by the Deputy First Minister in September 2016, units and unit assessments are being removed from National 5, Higher and Advanced Higher courses on a phased basis over three years:

- National 5 from 2017–18
- Higher from 2018–19
- Advanced Higher from 2019–20

Note: there is no Politics course at National 5 or Advanced Higher level.

For more information, including a Q&A on the implications of these changes, please visit our website at www.sqa.org.uk/nqchanges

Units that were previously part of National 5 courses

The units that were previously part of National 5 courses are now freestanding units at SCQF level 5. They can no longer be used to contribute to the achievement of a National 5 course.

We will remove all references to National 5 courses from the unit specifications, unit support notes and unit assessment support packs in due course, and the unit support notes will be added to the unit specifications as an appendix. The unit specifications will also be relocated to a new freestanding units web page for each subject.

Further information on the timescales for this will be provided in our weekly Centre News newsletter.

Changes to assessment in Higher courses from session 2018–19

Units and unit assessments will be removed from Higher courses from session 2018–19 and we have started our review of the Higher course assessments. For this, we are working closely with our National Qualifications Support Teams (NQSTs) for each subject. Our NQSTs include teachers and lecturers who currently deliver National Courses, and representatives of professional associations. We will also meet with a sample of teachers to gauge their views on the proposed changes and the implications of these.

The publication of new and revised Higher materials will follow a similar timescale to National 5:

End of April 2018	Revised Higher course specifications
End of May to end of September 2018	Course support notes New/revised specimen question papers New/revised coursework assessment tasks

We will provide further information on what the changes to assessment are for each subject by the end of January 2018.

Conditions of assessment for coursework

To ensure fairness for all candidates, it is essential that the specified assessment conditions for coursework are consistently applied in all centres. The following documents detail the specific conditions that must be followed in each assessment:

- course specification
- course assessment specification (Higher and Advanced Higher only)
- coursework assessment task

In addition to these documents, you must also refer to the following document, which is available from the coursework section of the National 5, Higher and Advanced Higher web pages:

- [Guidance on conditions of assessment for coursework](#)

This document provides important information on the time and volume of assessment, the use of resources, and the supervision, control and authentication of assessment — including examples.

Changes to documents

Changes to documents following Diet 2017

Higher Politics specimen question paper

The marking grids and associated text for the question paper have been updated to provide clarification on the distribution of marks.

The specimen question paper marking instructions have been updated to reflect these changes.

The specimen question paper is available on the [Higher Politics web page](#).

Further information and guidance

Submission date — external assessment uplift

Please note that the 2017–18 uplift date for the externally assessed Higher assignment is 19 April 2018.

Please refer to your SQA co-ordinator to ensure that all materials are prepared in time for uplift.

Understanding Standards materials

There is a range of material available, including examples of candidate evidence with commentaries, as part of our Understanding Standards programme. This material is for teachers and lecturers to help them develop their understanding of the standards required for assessment. As new material is developed we will publish this information in our weekly Centre News.

Candidate evidence and commentaries for seven Higher Politics assignments are now available on our [Understanding Standards website](#). In addition, commentaries for some of the essay-based question examples have been updated to reflect changes in the marking grid.

Course reports

We strongly recommend that you read the annual course reports for the subject and levels you are teaching. These reports are produced following the annual diet of exams and are published by the end of October. The reports provide informed and valuable commentary on the assessment for each component in the course, and include a summary of:

- candidate performance in the course assessment
- areas in which candidates performed well
- areas which candidates found demanding

The reports also contain advice on preparing future candidates, and statistical data relating to grade boundaries. Course reports will be available from the relevant subject pages of our website at www.sqa.org.uk/nqsubjects.

Continuing professional development (CPD)

We will continue to offer subject-specific CPD support at a local authority, independent school or college level, subject to request. This involves an experienced SQA appointee providing advice and guidance on any areas of concern that are not already addressed by the Understanding Standards programme.

Please note that CPD requests should be made by the appropriate representative from the local authority, independent school or college. For each request we will agree with the representative the content to be covered and the most appropriate way to deliver the support, eg in person, by webinar or by video conference/teleconference.

CPD requests can be made at www.sqa.org.uk/cpdform
