Changes to documents in August and September

As part of our agreed schedule of planned changes to documents for session 2016–17, the following documents have been revised.

Higher Coursework

The course assessment task document has been updated to reflect a change in the way in which three and four marks for the conclusions section are awarded.

Higher question paper

The detail within the distribution of marks for the 12-mark essay questions has been revised as a result of post-examination analysis. The allocation of four marks for KU scope and four marks for KU development have been revised, as well as the allocation of two, three and four marks for analysis and evaluation. The marking instructions in the specimen question paper have been updated to reflect these changes.

The Notification of Changes spreadsheets have been updated to reflect the latest changes to documents. You can view these spreadsheets at www.sqa.org.uk/nqsubjectchanges

Further information and guidance

Changes to National Courses

In September 2016, the Deputy First Minister announced that unit assessments will be removed from National 5, Higher and Advanced Higher courses. These changes will be implemented over a three-year period and we have started to review how each course is assessed.

[Find out more about the changes to National Courses.](#)

Subject Review Report

In May we published Subject Review Reports for National Qualifications following the recommendations of the Assessment and National Qualifications Group. These reports detail the action plans we are putting in place for each subject to improve assessment practice and alleviate workload concerns. Please ensure you refer to the review report for your subject:

- [Politics Review Report](#)
-

For subjects which have specific actions in place for session 2016–17, we also published an additional guidance document called *Understanding the next steps for National Qualifications*. This document outlines the specific actions to take or points to be aware of when carrying out assessments with your candidates in session 2016–17.

Removal of exemplar question papers

Exemplar question papers were created as a revision resource for learners during the implementation of the new Higher and Advanced Higher National Qualifications. As we now have two years' worth of past papers for new Higher as well as a specimen question paper for each subject with an exam, the exemplar question papers will be removed from our website in the week commencing 24 October 2016. Associated guidance documents and guidance on the use of past-paper questions documents will also be removed at this time.

The Advanced Higher exemplar question papers and associated guidance will remain for session 2016–17 and will be removed from the website in July 2017.

Course Reports

We strongly recommend that you read the annual Course Reports for the subject(s) and levels you are teaching. These reports are produced following the annual diet of exams and are published by the end of October. The reports provide informed and valuable comment on the assessment for each component in the course, and include a summary of:

- candidate performance in the course assessment
- areas in which candidates performed well
- areas which candidates found demanding

The reports also contain advice on preparing future candidates, and statistical data relating to grade boundaries. Course Reports will be available from the relevant subject pages of our website at www.sqa.org.uk/nqsubjects

Verification Key Messages

Key messages from rounds 1 and 2 of verification in session 2015–16 are available on the relevant subject pages of our website at www.sqa.org.uk/nqsubjects. You can access them from the 'Verification and Course Reports' tab.

Looking ahead to session 2016–17

Marker recruitment opportunities for 2017

We are now accepting marker applications from teaching professionals to contribute to the 2017 exam diet. If you are interested in joining us as a marker, please visit the [appointee opportunities](#) section of our website where you will find a marker advert for all subjects and levels, with details of the role.

Becoming a marker helps to increase your awareness of the demands of course assessment and provides excellent professional and personal development.

Please check www.sqa.org.uk/appointees regularly for other appointee opportunities which may be of interest to you.

Understanding Standards programme

Our Understanding Standards programme will continue in the coming session and will include nominee training events, subject-specific course events and the publication of further Understanding Standards materials.

Understanding Standards course events 2016–17

We are running a programme of subject-specific Understanding Standards events from October 2016 until January 2017. The majority of these events will focus on the standards required for course assessment at Advanced Higher.

For more information and to book your place, visit www.sqa.org.uk/nqevents. Please note that for each subject there is a maximum of one place per centre.

Understanding Standards materials

Understanding Standards materials contain real examples of candidate evidence from course and unit assessments, along with a commentary that explains why the evidence has or has not met the assessment standards. These materials are a really useful resource for helping you to strengthen your understanding of the standards required for assessment.

We will continue to publish new Understanding Standards materials throughout the coming session and you can access them from the following locations:

SQA Understanding Standards website (www.understandingstandards.org.uk)	SQA Secure website (https://secure.sqa.org.uk)
Candidate evidence and commentaries for externally assessed components of course assessment (including question papers).	Candidate evidence and commentaries for unit assessment and internally assessed components of course assessment.

You can arrange access to our secure website through your SQA co-ordinator. Any materials downloaded from our secure website must be stored securely and treated as confidential.

Extra support to help you deliver your courses

Continuing professional development (CPD)

We will continue to offer subject-specific CPD support at a local authority, independent school or college level, subject to request. This involves an experienced SQA appointee providing advice and guidance on any areas of concern that are not already addressed by the Understanding Standards programme.

Please note that CPD requests should be made by the appropriate representative from the local authority, independent school or college. For each request we will agree with the representative the content to be covered and the most appropriate way to deliver the support, eg in person, by webinar or by video conference/teleconference.

CPD requests can be made at www.sqa.org.uk/cpdfom
